## What's in a Name?

Business institutions grow and prosper in proportion as their names suggest honor, and industry, and strength.

For fifty-four years the name of this bank has advanced in public confidence and esteem.

It is the tested symbol of strength and safety and service.

## The First National Bank of Corsicana

"The Old Reliable Since 1873"

## THINK THIS ONE OVER . . . A Couple of Times!

The records do not show a single foreclosure on a bona fide farm where there were as many as five cows, five sows and two hundred hens with intelligent management!

"JUST ENOUGH" IS PLENTY!

Couldn't we help you plan your program—and then help you work your plans?

## Corsicana National Bank Corsicana, Texas Since 1887 Capital and Surplus Half Million

**Would Give University Nearly Four Millions**

Austin, Texas, April 28.—Approximate appropriations of \$3,789,740 for the University of Texas for the next two years has been approved by the Senate Finance Committee, it was announced today.

The medical school at Galveston fared well, getting \$261,485 approved as compared to the current year's appropriation of \$197,795.

## HOW To Spend Money

Is one of the fundamental and principal secrets of saving money.

Care in spending makes it easy to save, and the more you save the more you will want to save.

Learn how to spend your money wisely and deposit your surplus with us.

## The FIRST STATE BANK OF CORSICANA

## PATROL LINES ON LEVEES WATCHFUL NEW ORLEANS AREA

### OFFICIALS SAY NO INTERFERENCE WITH CUTTING OF LEVEE BE TOLERATED

By Associated Press.  
New Orleans, April 28.—Three rifle shots were fired on the west bank of the river while Secretary Hoover was returning from an inspection trip of the proposed artificial break site at Poydras this afternoon on the U. S. Engineers steam launch Tonty.

Officials accompanying Secretary Hoover believed the shots were not directed at the Tonty, but were fired by volunteer civilian guards on the levee as a warning for the party to keep away from the embankment protecting Meeker, three miles north of Poydras. This is a usual practice, officers of the Tonty said.

By Associated Press.  
New Orleans, April 28.—A location approximately 100 yards north of the Orange Grove Refining Company, an industrial alcohol distillery, at Poydras, was designated today as the place where the Mississippi river levee is to be broken at noon tomorrow in an effort to save New Orleans from the flood.

By Associated Press.  
New Orleans, April 28.—Patrol lines tensed today along the levees protecting New Orleans and the immediate vicinity from the high waters of the Mississippi as final plans were being worked out for the creation of an artificial crevasse at Poydras.

The half-sullen evacuation of the parishes of St. Bernard and Plaquemine continued and concentration camps in the city were being filled as they streamed into the city. There were occasional declarations of dissatisfaction at the forced removal but there was no open threats.

Reports throughout the night kept National Guardsmen and St. Bernard parish deputies on the alert and two companies of guardsmen were hastily concentrated at a point below the city when reports reached headquarters that dynamiting might be attempted there by irate trappers.

No Delay Will Be Tolerated.

In preparation for the cut to be made tomorrow, George C. Schoenberger, chief stage engineer, and Adjutant General L. A. Tombs took every precaution to prevent interference. No delay will be permitted, they said. The residents of the two parishes have been given warning to evacuate the district and the cut will be made at the time set.

The road from New Orleans to Poydras will be closed to traffic, with police and St. Bernard parish officers turning back all comers.

An appeal was made for trucks to remove residents from the territory. Many, it was said, have been unable to remove their belongings because of the scarcity of conveyances.

Some Say Will Remain.

Others of those remaining in the parish declare that they intend to stay there. Many of the people in the lower part of Plaquemine parish assert that they know the river and they will take their chances with the flood waters. For the most part these are trappers who have gleaned a precarious livelihood from the swamp lands and have been inured since childhood to the hardships of the river.

A national guard detachment made a circuit of the two parishes yesterday, warning all residents that they remained at their peril.

(Continued on page 7.)

## MRS. PHIL REILLY PASSED AWAY TODAY AFTER LONG ILLNESS

### HAD RESIDED IN TEXAS FIFTY-NINE YEARS; FUNERAL FRIDAY MORNING

Mrs. Martha Reilly, aged 81 years and 4 days, died at her residence, 623 West Collin street, Thursday morning at 9:15 o'clock following an illness of five months and the remains will be interred in the Catholic cemetery Friday morning. The funeral services will be held at the Church of the Immaculate Conception at 10 o'clock. Father V. Graffeo will conduct the services.

Mrs. Reilly was born in Georgia but has resided in Texas for 59 years. She had made her home in Corsicana for sixteen years.

Surviving are two sons, William Reilly and Jim Reilly, both of Dallas; six daughters, Mrs. Hatchett Chandler, Dallas; Mrs. Annie Henderson, Dallas; Mrs. John Wadell, Mart; Mrs. Roger Vaughan, Tuscomari; Mrs. M. Mary Quirk, Corsicana; and Mrs. L. D. Moron of Yuma, Ariz. Eleven grandchildren and four great grandchildren also survive.

"Corsicana Has It."

## CALLS FOR BOATS, FOOD AND OTHER AID POUR INTO RED CROSS

### CREST OF GREAT FLOOD REPORTED NEAR GREENVILLE, MISSISSIPPI, TODAY

By Associated Press.  
Memphis, Tenn., April 28.—While New Orleans and Lower Louisiana parishes perfected plans today for the flood emergency, acute situations presented themselves in the upper reaches of the Mississippi Valley as the waters swept into new towns and increased the horde of homeless.

Evacuation of lowlands in Southeastern Arkansas, Southern Mississippi and Northern Louisiana continued while renewed calls for boats, food and other aids poured into Red Cross headquarters here.

Fresh reports of outbreaks of disease in fourteen refugee camps in Arkansas complicated the already critical situation as boats searched for marooned persons or drew huge barges filled with refugees to concentration camps.

With the crest on the Mississippi river near Greenville today, water continued to heave into the fertile Mississippi delta from the wide opening a St. Louis Landing, driving added thousands from their homes in the Yazoo and Sunflower river basins.

Wide Area Inundated.

Yazoo City, east of Rolling Fork, and Agallia reported going under deeper water yesterday, felt the advance of the wave in the lowlands to the west of the city.

The city itself is not endangered, since it is on high ground, but urgent calls for aid have been dispatched in order that thousands of inhabitants of the low farm lands across the Yazoo river may be brought to safety. Boats sent from Gulfport last night were nearing the vicinity today.

Belzoni, where the lives of hundreds, were reported in danger, was sought today by boats speeding from other points where rescue work has been well advanced.

Believe South Bend Levee Saved.

Engineers believed the two weeks of heroic work spent on the South Bend levee of the Arkansas river might prove successful today following last night's miracle when the levee, of its own accord, settled back into a huge sand hill to stop the facing waters.

Vigilance, however, was not relaxed and more men and sand

(Continued on Page 4)

## FUNERAL SERVICES CLAUDE ALLEN HELD 4 P. M. THURSDAY

### BURIAL FOLLOWS IN OAKWOOD CEMETERY; LARGE NUMBER AT SERVICES

Funeral services for Claude Allen, 37, contractor and churchman, who died at his residence, 216 East First avenue, Tuesday afternoon at 3:40 o'clock following a lingering illness, were held Thursday afternoon at 4 o'clock from the First Methodist church with interment in Oakwood cemetery. The services were conducted by Revs. F. P. Culver, Joe Patterson and Paul Utley, Methodist ministers. Mr. Allen had been a member of the First Methodist church for about fifteen years and for the last several years had been a member of the board of stewards of that congregation.

Surviving are his wife, Mrs. Madge Allen; one daughter, Mary Helen Allen; one son, Claude Eugene Allen; father, D. C. Allen, Miami, Fla.; two brothers, Eugene Allen, Corsicana; Major Allen, Miami, Fla.; eight sisters, Mrs. Frederick Martin, Nazareth, Pa.; Mrs. Walker Maddox, Joltsion, Tenn.; Mrs. H. A. Dodd, St. Petersburg, Fla.; Miss Elizabeth Allen, New Orleans, La.; Mrs. J. H. Smith, Billingham, Wash.; Mrs. B. A. Baker, Miami, Fla.; Mrs. V. A. Hilton, Miami, Fla.; Mrs. C. E. Allen, Decatur, Ga.

Mr. Allen was born in Corning, Iowa. He was a member of Corsicana Lodge No. 62, I. O. O. F. He had resided here seventeen years.

## Tribute to Memory Of Claude Allen

A. Hastings Harrison, secretary of the Beaumont Y. M. C. A., called at the Sun office Wednesday afternoon prior to his departure for Beaumont and expressed keen regret that previous plans made it imperative for his return to Beaumont at once thereby making it impossible to remain for the funeral of his friend, Claude Allen.

Discussing Mr. Allen's death Mr. Harrison took occasion to pay the following tribute to him:

"Among the closest friends I have ever had was Claude Allen. His untimely death grieves me most deeply. He was one of God's noblemen. He was the founder of the Max Avenue Methodist church of Corsicana. He was a plain, modest man largely unschooled except

## CHARGE OF PLAYING POLITICS IN NAMING ENGINEERS RESENTED

By Associated Press.  
Austin, Texas, April 28.—First outspoken opposition to the new administration's Highway Commission today rocked the Senate Finance Committee's hearing on the Commission's requested budget.

Senators Westbrook of Sherman, Parr of Benevides and Fairchild of Lurkin indirectly charged the new commission with "playing politics" in selection of division engineers.

Commissioner Cone Johnson denied the charges, declaring appointments were made on the basis of capability and without interference by the commission.

"No Senator. Representative, Chamber of Commerce or any man can dictate appointments to the Commission as long as I am a member," Johnson said.

## MAYOR OF BORGER SAYS TOWN CLEANED UP BY RANGER FORCE

Austin, Texas, April 28.—Borger, patrolled by Texas Rangers, is "cleaned up" now and will remain so, in the opinion of Mayor John R. Miller, here today to confer with Governor Dan Moody and Adjutant General R. L. Robertson.

"I just came down to thank the Governor and the General for the work the Rangers have done," Miller said.

## THREE TRAINMEN KILLED THURSDAY IN WYOMING CRASH

By Associated Press.  
Casper, Wyo., April 28.—Two engineers and one fireman were killed when Burlington train number 30, Denver to Billings, and a light engine collided head-on at 1:15 this morning near Cya, Wyo., 19 miles south of Wendover on the Colorado and Southern branch of the line, according to reports received at division headquarters of the Burlington here.

Only meager details were available.

The dead are: Engineers J. R. Morgan and C. B. Carter and Fireman C. H. Morgan, all of Cheyenne. No passengers were injured, according to reports.

LEAVING CORSICANA

It is with genuine regret that the many friends of Mr. J. S. Eubank and his interesting and popular family are learning of their leaving Corsicana in the near future to make their home in Sherman. Business interests makes this change in residence imperative.

The loss of a citizen of Mr. Eubank's calibre would be keenly felt by any community and any city that gains him as a resident is to be congratulated. Although Sherman is Mr. Eubank's home city he has resided in Corsicana for the past seventeen years and that he has played an important part in the growth and progress of Corsicana is evidenced in many ways. As a private citizen he always identified himself with all progressive moves whereby the community would be benefited. He has always given liberally of his time and money in making Corsicana a better place in which to live and as a leading citizen his advice has been sought and accepted on many projects where the city was involved.

Recognizing his ability as an executive and his unselfish interest in the growth and prosperity of the city, the people of Corsicana elected him as their mayor. Under his administration, which was progressive in every respect, much was accomplished and many things remain as a monument to his ability. The city hall which did not cost the taxpayers one penny, a modern system of traffic signals and many other things too numerous to mention, from all of which impetus was gained by Corsicana in its journey along the path of progress, were among the outstanding attainments of his administration. He was ever alert to the interests of the people which he served and Corsicana was indeed fortunate to have Mr. Eubank as mayor at that time, which was during the development of the great Powell oil field.

When Mr. Eubank goes to Sherman he will carry with him the good wishes of the citizenship of Corsicana and the Daily Sun wishes to join with the host of friends for their continued success and express the hope that at some future time they may be so situated that they will again make their home in our midst.

## AMERICAN FOREST WEEK

In accordance with the custom established by my predecessors, I have yearly proclaimed an American Forest Week. I do so again in the belief that no other of our internal problems is of greater moment than the rehabilitation of our forests, now so hopefully begun but needing the strong support of our collective will and intelligence. Through joint arrangement, Canada is observing forest week concurrently with us.

The above is the first paragraph of the proclamation issued by President Coolidge setting aside the week of April 25 to April 30, 1927, to be observed as American Forest Week.

The idea of devoting seven days in the year to forestry education originated on the Pacific Coast in 1920. President Harding in 1921 issued the first proclamation which brought the Federal Government behind the idea. President Coolidge in turn gave the plan his sanction and presidential proclamations have been issued for seven successive years.

Out of the multifarious "weeks" this is the only one which the government has given recognition and support. Many governors have likewise issued special proclamations. At first the week was called "Forest Protection Week," but the breadth of the of the forest problem led President Coolidge in 1925

to enlarge the scope of the undertaking and change the name to American Forest Week. In 1926 the authorities of the United States and Canada, in view of the international aspect of the forestry problem jointly agreed that the week should be celebrated concurrently in the two countries. In Canada the week is known as "Save the Forest Week," but its observance is essentially the same in character as in the United States. The joint observance by the two countries is continued in 1927.

American Forest Week is an annual call to all citizens, young and old, to take part in bringing about better forest conditions. The American Forest Week committee of which Hon. Frank O. Lowden, of Illinois, is general chairman, is composed of nearly 100 organizations representing almost every conceivable form of interest—the Federal government, State governments, outdoor, wild life, and recreational interests, foresters and forestry associations, the lumber industry, large consumers of forest products, labor groups interested in water resources, scientific and civic organizations, women's organizations, and a host of others.

American Forest Week is inclusive, for the purpose is to give opportunity for every form of interest in trees and forest to find expression, each in its own way, and the end it aims at is that the general welfare may be promoted through the taking of common counsel, the formation of intelligent public opinion, and the stimulation of action, individual and collective, under the impulse thus given.

American Forest Week is not a tool for advancing the views or serving the purposes of any special group or organization. It does not identify itself with any particular measures or program, but seeks to make known facts and to promote discussion from every angle. It has no goal other than that which a rightly informed public opinion may of itself set up and seek. It is strictly and wholly educational in plan and purpose.

## LEST WE FORGET

Things to be remembered by Corsicana citizens this week include:

Your donation to the unfortunate people in the flood stricken areas of the United States. The waters are still rising and money, food clothing and medical supplies are urgently needed.

Hear George W. Truett at the First Baptist Church where this noted minister is conducting a revival service. He will preach every morning and night throughout the remainder of the week.

Clean-Up Week is being observed in Corsicana under the supervision of the city officials and the Corsicana Civic Club. The weed and tin can crop is ripe for harvest and mosquito and fly breeding places should be eliminated.

The annual membership campaign of the Corsicana Y. M. C. A. was conducted Tuesday and Wednesday. If the committees failed to call on you mail your membership to the Association. The local Y. M. C. A. is one of the most important institutions in this city and deserves the unanimous support of the entire citizenship.

Also remember that next week on Monday, May 2, the good roads hearing will be held for the voters of Consolidated Road District No. 1. This is not only important for this one road district but every road district in the county should be interested.

National Music Week will be observed in Corsicana next week. Under the direction of the Nevu Club and other musical organizations a number of programs have been arranged for the pleasure of the citizenship.

They used to say of an especially tough citizen that hanging was too good for him. So apparently they stopped hanging him.

Another thing strengthening some folks' belief in a merciful providence is a woman driving a car.

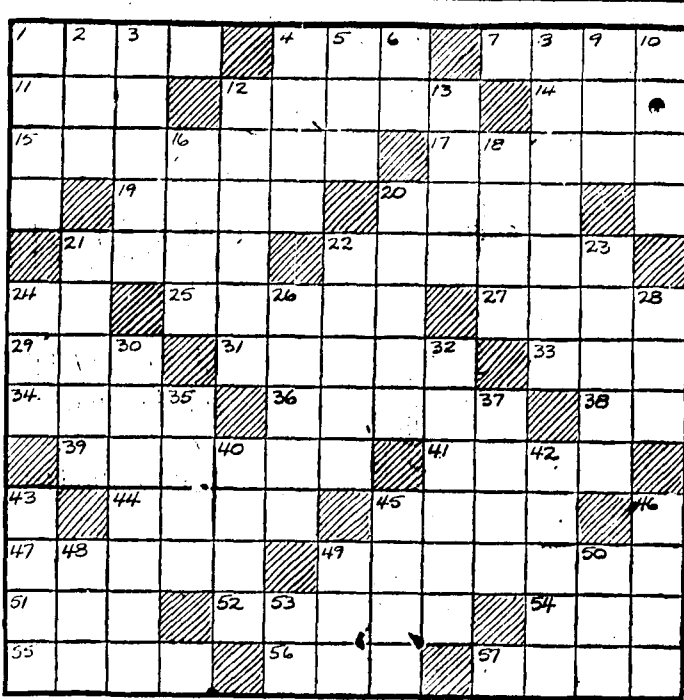

Bad roads not only cause much inconvenience but are more expensive than are good roads.

Because a girl calls a young man a poor prune does not mean that she will not marry him.

You wouldn't want a much better time than April or May for walking back from a gold rush.

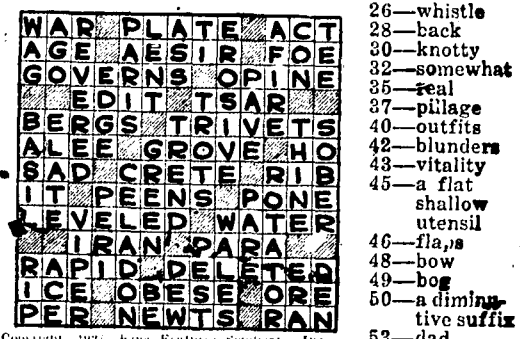

There is no denying the fact that the female dancer has visible means of support.

DEMOLAY MEETING  
FOR STATE BE HELD  
CORSICANA IN JUNE

Members of the local chapter DeMolay order have received notice from Burriss C. Jackson, president of the Past Master Councilor's Association of the selection of Corsicana as the place for the annual meeting of the Past Master and Master Councilors' Association of Texas, to be held June 17 and 18. A number of other cities in the state were bidding for the meeting.

The letter stated that an interesting program would be prepared and that representatives from practically all chapters of the order in the state were expected to attend.

All Past Master and Master Councilors, Advisors and Master Masons are invited to attend the meeting.

The Corsicana chapter DeMolay will be host to the Councilors.

## Notice

First Friday meeting of the Corsicana Cemetery Association meets Friday, May 6th. Everybody come and make this a good day for the Association. A. L. CARROLL, Secretary.

S. J. R. No. 24  
Proposing an amendment of Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of Texas, as for the purpose of providing a more efficient judicial system. Be it Resolved by the Legislature of the State of Texas:

Section 1: That Sections 2, 3, 4, 5, 6, and 7 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

Section 2 (of Article V): The Supreme Court shall consist of a Chief Justice and eight Associate Justices, five of whom shall constitute a quorum, and the concurrence of five Justices shall be necessary to the decision of a case. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election or appointment, a citizen of the United States and of this State, and unless he shall have attained the age of thirty years and shall have been a licensed lawyer for seven years, and, during that time, shall have been a practicing lawyer or judge of a court of record, or such practicing lawyer and judge together. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State, at a general election, and shall hold their offices six years, or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of Chief Justice or Associate Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election, and at such general election the qualified voters of the State shall elect a new Chief Justice or Associate Justice, who shall hold office for the unexpired term of the predecessor elected by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their terms of office under the present Constitution and until their successors are elected and qualified. When this amendment takes effect, the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and upon the qualification of such new Justices, the Commission of Appeals of the State of Texas shall terminate.

Section 3 (of Article V): The Supreme Court shall have appellate jurisdiction only, except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several courts of civil appeals may hold differently on the same question of law, or where a statute of the State is held void, and to questions of law arising in such cases of which the Court of Civil Appeals have appellate jurisdiction as may be prescribed by law; provided, that the Legislature may authorize direct appeals from the County and District Courts in any case where a statute of the State has been declared void. The Supreme Court and the Judges thereof shall have power to issue writs of mandamus, procedendo, certiorari, and such other writs as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warrantu and mandamus in such cases as may be specified except against the Governor of the State. The Supreme Court shall also have power, upon affidavit or otherwise, as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capital for the transaction of business at such times as may be designated by the Court. The present statutes defining the jurisdiction of the Supreme Court not in conflict herewith shall continue in effect until repealed or altered by the Legislature. The Supreme Court shall appoint a Clerk, who shall give bond in such manner as is now or may hereafter be required by law, and he may hold his office for four years, and shall be subject to removal by said Court for good cause entered of record on the minutes of said Court, and who shall receive such compensation as the Legislature may provide.

Section 4 (of Article V): The Court of Criminal Appeals shall consist of three Judges, provided that the Legislature may increase the number to five, and a majority of the Judges shall constitute a quorum, and the concurrence of a majority of the Judges shall be necessary to the decision of any case. Said Judges shall have the same qualifications and receive the same salaries as the Judges of the Supreme Court. They shall be elected by the qualified voters of the State at a general election, and shall hold their offices for a term of six years. The Judges of the Court of Criminal Appeals who may be in office at the time this amendment takes effect shall continue in office until the expiration of their terms of office under the present Constitution and laws.

Section 5 (of Article V): The Court of Criminal Appeals shall have appellate jurisdiction co-extensive with the limits of the State in all criminal cases of whatever grade, with such exceptions as may be prescribed by law, and the Legislature may confer original jurisdiction upon it to issue writs of mandamus procedendo and certiorari. Section 6 (of Article V): The Legislature shall, from time to time, divide the State into such number of Supreme Judicial Districts as it may seem necessary not exceeding twelve at any one time, and shall have the power to re-divide the State at any time and shall establish a Court of Civil Appeals in each of said Districts, which Court shall consist of a Chief Justice and not less than two Associate Justices as the Legislature may provide, who shall have the qualifications as herein prescribed for Justices of the Supreme Court, provided that the aggregate number of Judges of all the Courts of Civil Appeals shall never at one time exceed thirty-six. Each of the existing Courts of Civil Appeals shall continue until otherwise provided by law. The Courts of Civil Appeals shall have appellate jurisdiction co-extensive with the limits of their respective districts, which shall extend to all civil cases of which the District Courts or County Courts have original or appellate jurisdiction under such restrictions and regulations as may be prescribed by law; provided, that the decisions of said Courts shall be conclusive on all questions of fact brought before them on appeal or error. Said Courts of Civil Appeals shall hold their sessions at such places as may be designated by the Legislature and at such times as may be prescribed by law. Said Justices shall be elected by the qualified voters of their respective Districts, at a general election, for a term of six years, and shall receive such compensation as may be provided by law. Said Courts shall have such other jurisdiction original and appellate, as may be prescribed by law. Each Court of Civil Appeals shall appoint a Clerk in the same manner as the Clerk of the Supreme Court, which Clerk shall receive such compensation as may be fixed by law. The Judges of the Courts of Civil Appeals who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Section 7 (of Article V): The State shall be divided into as many Judicial Districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a general election, a Judge, who shall be a citizen of the United States and of this State, who shall have been a licensed lawyer for four years next preceding his election, and during that time shall have been a practicing lawyer or judge of a Court of record or such practicing lawyer and judge together, who shall have resided in the District in which he was elected for two years next preceding his election, who shall hold his office for the term of four years, and shall receive for his services such compensation as may be prescribed by law. He shall hold the regular terms of his Court in his district at least twice in each year, in such manner as may be prescribed by law. The Legislature shall have power, by general holding of special terms of the court or the holding of more than two terms in any County for the dispatch of business. The Legislature shall also provide for the holding of District Court when the Judge thereof is absent or is, from any cause, disabled or disqualified from presiding. The Supreme Court or the Chief Justice thereof may assign any District Judge to any District in the State other than that for which he was elected, with all the powers of a resident District Judge of the District to which he is assigned, under such regulations as may be prescribed by the Legislature, or by the Supreme Court, in the absence of such regulations enacted by the Legislature. The District Judges who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Sec. 2: Said proposed amendment shall be submitted to a vote of the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with pen or pencil the following words printed thereon: "For the amendment to the State

Constitution amending Sections 2, 3, 4, 5, 6, and 7, of Article V of the Constitution of Texas for the purpose of providing a more efficient judicial system," and each voter shall scratch off of the ballot in the same manner, the following words printed thereon:

Section 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Sec. 4: The sum of twelve thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election.

Approved March 10, 1927.

Secretary of State.

H. J. R. No. 32.  
Proposing an amendment to the Constitution of the State of Texas by adding thereto Section 60, Article 16 so as to provide that the Legislature may fix the compensation of certain county officers by salaries in lieu of fees, commissions and other perquisites; providing for an election and making appropriation to pay expenses.

Be it Resolved by the Legislature of the State of Texas:

Section 1: That the Constitution of the State of Texas be amended by adding thereto another section to be known as Section 60, Article 16, to read as follows, to-wit:

Section 60. The Legislature may provide compensation for certain district and county officers, to-wit: The District Attorney, County Jail, County Attorney, Sheriff, County Clerk, District Clerk, County Tax Assessor and County Tax Collector, by prescribing their duties, and fixing salaries in lieu of fees, commissions and other perquisites as now provided by the Constitution.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Monday in August, A. D. 1927, at which all ballots shall have printed thereon "For amendment to the Constitution of the State of Texas giving the Legislature power to provide compensation for the District Attorney and county officers through salaries in lieu of fees, commissions and perquisites as now prescribed by the Constitution," and against the amendment to the Constitution of the State of Texas giving the Legislature power to provide compensation for the District Attorney and county officers through salaries in lieu of fees, commissions and perquisites as now prescribed by the Constitution," leaving the one expressing his vote on the proposed amendment.

Sec. 3. There is hereby appropriated out of any money on hand in the State Treasury not otherwise appropriated the sum of five thousand (\$5,000.00) dollars or as much thereof as may be necessary to defray the expenses of the holding of this election, including the expenses of printing notices and advertisements.

Sec. 4. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Approved March 25, 1927.  
(A Correct Copy)  
JANE Y. McCALLUM,  
Secretary of State.

LIMESTONE COUNTY  
FINANCES REPORTED  
IN GOOD CONDITION

Special to the Sun:  
Groesbeck, Texas, April 27.—With a bank balance of \$1,200,007.97 Limestone county finances are in good condition, according to J. B. Watson, Jr., county auditor.

The auditor has just forwarded \$100,647.70 to New York banks to meet interest and principal coupons due on the bonds of the county.

Law Library Purchased.  
Special to the Sun:  
Groesbeck, Texas, April 27.—A county law library has been purchased by the officials of Limestone county for \$2,000, the first law library of the county house.

The books will be kept in the office of the county attorney for the use of the courts and county officials.

Bonds Declared Invalid.  
Groesbeck, Texas, April 27.—Bonds voted by the Kirk road district have been declared invalid due to faulty field notes, and a new district will be formed and hearing is set for May 6 on a proposal to issue \$75,000 in bonds for the district. The issue voted and then thrown out was for \$50,000. The new election will probably be in June.

"Corsicana Has It."

## PRESIDENT MAKES SPEECH ON FOREIGN POLICY IN AMERICA

By Associated Press.  
New York, April 26.—A foreign policy devoted to the protection of American citizens and the maintenance of peace was outlined Monday night by President Coolidge as in keeping with the new position in the world in which he pictured the United States.

Speaking before the dinner of the United Press Association, commemorating the twentieth anniversary of that organization, Mr. Coolidge discussed at length the problems involving this government in Mexico, Nicaragua and China.

The President disapproved the proposal of the Senate for arbitration with Mexico of the dispute growing out of that nation's oil and land laws and forecast an amicable adjustment of this situation on the basis of a recent conference he had with the Mexican Ambassador.

He revealed that Ambassador Tellez recently brought word from Mexico City that American property would not be confiscated by the Mexican government.

"I am glad to report," Mr. Coolidge said, "that the Mexican Ambassador has recently declared to me that she does not intend to confiscate our property, that she had shown diligence in capturing and punishing those who have murdered our citizens and expressed the wish, which we so thoroughly entertain, of keeping cordial and friendly relations."

"With a strong sentiment of this nature, which, I am convinced, animates the people of both countries, it will surely be possible to reach an amicable settlement."

### Must Protect Americans

Assurance was given by the President in his address which was devoted almost entirely to foreign affairs, that wherever an American citizen goes "the duties of our Government must follow him." He said protection of American lives and property constituted the main problems of the United States government in both Nicaragua and China.

"Our government has usually been too remiss, rather than too active, in supporting the lawful rights of its citizens abroad," he added. "That has been so long our established policy that it is rather difficult to conceive it assuming a truculent and arrogant attitude."

Taking cognizance of contentions in some quarters that America was Imperialistic, Mr. Coolidge disclaimed any program of military aggrandizement. He considered it a "serious circumstance" that those who advocated this country taking "adventures over 'far-off' countries in Asia" were "most critical when we are attempting to encourage the maintenance of order, the continuity of duly established governments, and the protection of lives and property of our citizens under general reign of law in these countries that are near at hand and where we have large and peculiar interests."

The President said that the revolutionary forces of Nicaragua "appear to have received arms and ammunition from some source in Mexico."

### Chinese Situation Discussed

The recent reply of Eugene Chen, Chinese Foreign Minister, to the protest of the United States and allied governments over the attacks at Nanking was described as "conciliatory in tone and to a certain degree responsive, leaving the final disposition of the issue a matter for further consideration by our Government."

Devoting most attention to Mexico, Mr. Coolidge explained that the main problem there was the question of confiscation of property. He said that "Washington government feared that Mexico would threaten to disregard the principle that 'private property should not be taken without compensation.'"

"Everybody favors arbitration when the question at issue is arbitrable," he continued referring to the Senate's suggestion. "Under the present circumstances I can see grave difficulties in formulating a question which the two governments would agree to submit to such a tribunal."

"The principle that property is not to be confiscated and the duty of our Government to protect it are so well established that it is doubtful if they should be permitted to be questioned. Very likely Mexico would feel that the right to make a constitution and pass laws is a privilege of her sovereignty which she could not permit to be brought into question."

"I have therefore seemed that we are more likely to secure an adjustment through negotiation."

Declaring that the friendship of America for China is "perpetual," the President said that no course of aggression is in mind.

"We are there to prevent aggression against our people by any of their disorderly elements," he added. "Ultimately the turmoil will quiet down and some form of authority will emerge, which will not doubt be prepared to make adequate settlement for any wrongs we have suffered."

Responsibility in Central America  
In Nicaragua and toward the governments of countries which we have recognized this side of the Panama Canal we feel a moral responsibility that does not attach to other nations," Mr. Coolidge told his audience. "Revolutions will be encouraged in these countries he declared, and for that purpose, he said, the United States government had taken a hand in Nicaragua."

"We are not making war on Nicaragua any more than a policeman on the street is making war on passersby," he added.

Calling for a "thoroughly American" press, the President urged that it avoid arousing anti-foreign sentiment and refrain from "malicious and partisan attacks on the conduct of our own government in its efforts to defend American rights when they are threatened or invaded in foreign countries."

"It is all right to say that when our citizens enter a foreign country that they should abide by the laws of that country," he continued. "They should, and they do, and our government would be the last to interfere in the just application of the law of the land to our citizens. But this is only a partial statement of the case."

Admission Voluntary  
"The admission of our citizens within their territory is a voluntary act of foreign governments."

## THE LOOK THAT SAVED PETER

Comment on the Uniform International Sunday School Lesson for  
May 1st, 1927.

Read Mark 9; 2 Peter 1

Read Mark 14; Luke 22

### Peter's Denial And Repentance

Mark 14: 53, 54, 66-71; Luke 22: 61, 62.

Mark 14:54. And they led Jesus away to the high priest; and there came together with him all the chief priests and the elders and the scribes.

54. And Peter had followed him afar off, even within, into the court of the high priest; and he was sitting with the officers, and warming himself in the light of the fire.

66. And as Peter was beneath in the court, there cometh one of the maids of the high priest; and seeing Peter warming himself, she looked upon him, and said, Thou also wast with the Nazarene, even Jesus.

67. But he denied, saying, I neither know, nor understand what thou sayest, and he went out into the porch; and the cock crew.

69. And the maid saw him, and began again to say to them that stood by, This is one of them.

70. But he again denied it. And after a little while again they that stood by said to Peter, Of a truth thou art one of them; for thou art a Galilean.

71. But he began to curse, and to swear, I know not this man of whom you speak.

Luke 22: 61. And the Lord turned, and looked upon Peter. And Peter remembered the words of the Lord, how that he said unto him, Before the cock crow this day thou shalt deny me thrice.

62. And he went out and wept bitterly.

Golden Text. — Let him that thinketh he standeth, take heed, lest he fall.—1 Cor. 10: 12.

(Text from the American Standard Edition of the Revised Bible copyright, 1901, by Thomas Nelson & Sons, and used by permission.)

A public speaker describing a certain fiasco used this phrase "The affair just petered out."

He probably did not know that he was using a phrase derived from one of the most dramatic scenes described in the New Testament. When Peter failed his Master, when he stood warming his hands over the brazier in the court of the High Priest before whom Jesus was being arraigned and was accused of the following of the prisoner, Peter fell from his high estate as a leading disciple and denied his Master. When we say anything just peters out the expression comes from this action of Peter.

When Jesus called to Peter as he was in his boat getting ready to go fishing, and Peter responded and joined the Master and became a Christian, he was an apprentice Christian. His heart had responded to the call but he did not know much about it. He had confidence in Jesus and followed him. His education began at that moment.

When the same Peter had finished his education under Jesus and had witnessed his arrest and followed him into the inner court in sight of the high priest he denied

the Lord. Then he received his life, or whatever degree it might have been called at that time. It was conferred by Jesus when He turned and looked upon Peter and when Peter went out and wept bitterly.

The sudden and bitter repentance was a part of the test. The look did it. It placed Peter to the heart, it broke down all his stubbornness, which had lasted until just a moment before. Lasted even when for the third time they that stood by said "Of a truth thou art one of them," and Peter had said "Hell, no. I do not even know the man of whom you speak." Then that look. It was not until then that Simon became Peter, the Rock. Never again did Peter hesitate. This final experience carried him through a long life and to the death of a martyr. Never again did he falter. Never again did he deny his Lord. He became from that moment a graduate Christian.

Peter was not a bad man. He was impulsive. He was a man of direct action. He needed a lot of training. He needed just the lesson he got. I imagine that Peter never as long as he lived forgot that look, that when he would awaken in the night he would see the look of his Lord, a look of forgiveness, a look of trust, a look of love. I think that look was never out of Peter's mind. Whenever he was tempted to swear, whenever he was facing impatience, when ever he faced death, as he did many times thereafter, Peter saw that look of his Lord.

I am not trying to excuse Peter. It was a awful thing which he did, to double-cross the man who had been his closest friend for two years, the one whom he had declared to be the Son of God. Look for a moment at Peter's side. It was not until the death of Jesus that the disciples saw clearly that His mission was scriptural, not material. Not until His death did they give up the idea of a temporal kingdom. Peter had followed Jesus, and lived close to Him. He was present when the arrest was made just a few hours before the incident of the inner court and had attempted to fight and had been rebuked. There he was, his hopes all flown, his Master a helpless prisoner with no signs of Kingship, his world had tumbled about him in ruins. Peter was not only hopeless, but beginning to wonder if he had not been wrong in following this man. Why should he acknowledge a failure. I have known men well whom I would have liked to deny, men I did not want to know longer.

But when Peter caught that look all his doubts vanished and he saw himself for what he was. Then came swift repentance and tears.

We do not easily forgive a man who fails at a crucial moment. An old saying is "Stand up to the rack, foder or no foder." We like to see a man stick to his guns even in the face of defeat and go down.

assist in composing difficulties and supporting international law, we must expect to be charged with imperialistic motives.

"In our international intercourse we must hold ourselves up to high standards of justice and equity. We should be slow to take offense and quick to grant redress. The world knows that the whole genius of America always call it to the support of the universal rights of humanity."

"These principles are involved in some of the difficulties that we have recently been trying to work out with foreign nations, especially with Mexico."

"The recent period has brought America into a new position in the world. We shall have to bear the inevitable criticisms and try to discharge the inevitable obligations which arise from this condition. Because some others have pursued that course, it may be feared that we shall embark upon a program of military aggrandizement."

"Such, however, is not the spirit of the American people. If, even where our national interests and the protection of the rights of our citizens are involved, we attempt to

Women, You Need Strength  
Beaumont, Texas.—When I was advised to try Dr. Pierce's Favorite Prescription after all the other remedies which I had used for female weakness had failed to benefit me, I was just about past going. I had suffered so much, I began taking the 'Favorite Prescription' and in a short time was feeling as well as I ever did in my life, and I am still enjoying good health."—Mrs. Mary J. Hall, 1353 Park St.

Dr. Pierce's Favorite Prescription

"Corsicana Has It."

with flag flying and we honor such a man. So we rather take on a superior tone when we talk about Peter and intimate that in the same position we would not have denied Jesus.

Where was James? Where were the other disciples? They had fled except John and Peter. They were not even close enough to be accused.

There is a saying in sportforn "They never come back." Peter came back and how gloriously he came back. And that look did it. Had Jesus looked angrily at him, had he pointed at Peter the finger of scorn, had his lips formed the words "I told you so," it would have hardened Peter's heart and we would never have heard of him again. That is what we would have done. I think I could not have resisted the temptation to say "I told you so." I have found very few men or women either who could resist such an opportunity.

The heart of the story is not that Peter fell and denied his Lord. The heart of the story is that Peter repented, and that his repentance stuck. A little girl in Sunday school was asked what is necessary before repentance and she said "Stn." Peter had sinned. Peter repented. As long as a man or woman can repent and weep heart tears in sorrow and repentance for what they have done the way to Jesus is an open path. Jesus is ready to send their way that look of love and trust and forgiveness which he sent that night over the heads of those about Peter.

We have seen men in high positions who betrayed their trust and who have been found out and exposed. We have seen the high courts of the law solemnly declare them guilty of betraying a solemn trust or duty. Does it bother them? Do they suffer, do they go sleepless at night, do they repent in bitter tears?

I cannot answer for these men. I am inclined to think that there are men who gain great riches and power by sharp practice and persuade themselves that it is all right if they can get away with it. They persuade themselves it is no crime, because all about them others are doing the same thing. But I think they get another viewpoint when they are found out. That they shrink and dodge and run away when the black headlines blaze across the front pages of the papers announcing their crime. I think they suddenly are very much astonished at the way the people look at their acts and that never again will the wealth left them give them a moment of pleasure.

Happy Peter who could read forgiveness in a look and then weep bitterly. Happy Peter who was given a long life in which to make amends. We do not despise Peter now because of his betrayal. We love him because of his repentance and his life of great service which he gave willfully and unreservedly ever after.—The Republic Syndicate.

BAND CONCERT ON  
SUNDAY AFTERNOON  
AT PARK PAVILION

The Municipal Band, under the leadership of Joel C. Trimble, will give its first open air free concert of the spring and summer season on next Sunday afternoon, May 1, at the City Park, ushering in National Music Week, which will be observed by numerous musical activities all next week in Corsicana.

Chairs will be furnished by the Chamber of Commerce, it was stated, and an enjoyable time is anticipated. The program will be announced later.

ALL-TEXAS SPECIAL  
TRAIN STARTS TOUR  
NINETEENTH OF JUNE

By Associated Press.  
Dallas, Texas, April 26.—The "All Texas Special" to carry the message of Texas to the North and East will leave June 19.

This was decided here Tuesday at a meeting of the executive committee of the organization sponsoring the trip. The committee continued its sessions this afternoon, considering the itinerary.

Lowry Martin of Corsicana, chairman of the committee, said he and his associates, that Governor Don Moody would be aboard the train.

Funeral Services  
FOR GRANDMOTHER

Mrs. Wm. K. Lousdon left for Pittsburg, Ill., Tuesday afternoon to attend the funeral of her grandmother, Mrs. A. C. Matthews, aged 88 years, wife of the late Governor A. C. Matthews of Illinois. Mrs. Matthews died at an early hour Tuesday.

Surviving are two daughters and one son. Mrs. Matthews was a talented musician and was in the best of health until a few months ago when she fell, sustaining injuries from which she never recovered.

### PLAYLET PRESENTING SCIENTIFIC POULTRY RAISING BE GIVEN

Scientific information on poultry methods will be presented in an entertaining way through a four-act play entitled "The Lay of the Hen," which will be given in the Chamber of Commerce assembly room Wednesday night, May 11th, at 7:30 p. m. The playlet will be entirely free to the public and every one in the county interested is invited to be present.

The leading role will be taken by Dr. V. R. Glazener, who was for a number of years head of the Extension Research work at A. & M. College. Dr. Glazener is a successful poultryman himself and is thoroughly acquainted with the needs and problems of Texas poultry producers.

Reports from other towns where the playlet has been given indicate that a sugar coat of humor is pleasing, but in no way detracts from the distinctly helpful message on poultry production.

The Navarro Poultry Association has joined with the Chamber of Commerce in this free program for the benefit of those interested in raising poultry profitably.

LITTLE BOY PASSED  
AWAY AT EARLY HOUR  
TUESDAY MORNING

Richard Lynn Jackson, aged 9 years, son of Mrs. Ole Jackson, died at the home of his grandparents, Mr. and Mrs. A. T. Monro, 617 South Eighteenth street, Tuesday morning, at 2:29 o'clock, and the funeral services were held at the Monro residence Tuesday afternoon at 5 o'clock with interment in Oakwood cemetery.

The funeral services were conducted by Rev. J. P. Sewell, pastor of the Church of Christ.

### Missing Flyer Believed Drown Flood Waters

By Associated Press.  
Little Rock, Ark., April 26.—Search for J. P. Hawkins, 26, missing aviator believed to have been drowned when he made a forced landing on the Arkansas river east of here last night, was carried forward today by Edward Horton, Toledo, Ohio, his partner. Hawkins and Horton were flying two planes from New Orleans

to Dayton when the accident occurred. When Hawkins was forced down presumably through a gasoline shortage, his plane disappeared. Horton said he believed a log tore one of the pontoons from the hydroplane causing it to sink immediately.

Relief For Flood Area.  
By Associated Press.

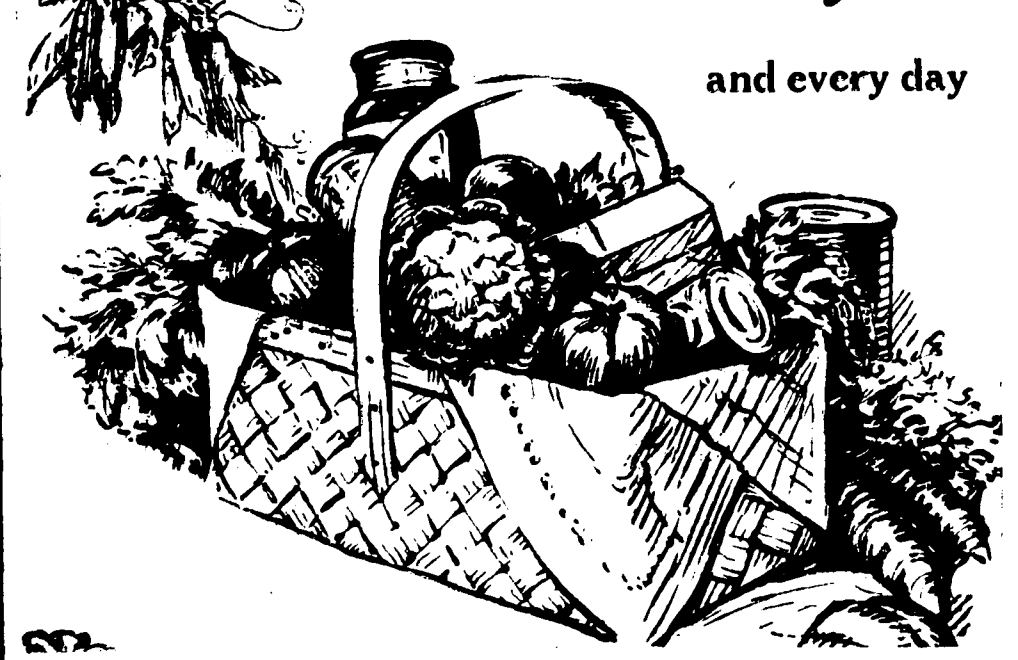

Houston, Texas, April 26.—Four million tarp bags have been shipped from Houston this week to be used in fighting floods along the

Mississippi river, while tomorrow a special train of nine cars of vegetables is due to leave the Rio Grande valley for the flood areas. The call for bags have come principally from railroads and factories whose property are threatened. The vegetables are contributed by farmers and citizens of the lower Rio Grande valley of Texas.

## CALLS FOR BOATS, FOOD AND OTHER AID POUR INTO RED CROSS

(Continued from page 1.)

hugs were rushed to the scene where a break would widen the vast inundated area in Southeastern Arkansas and increase by several feet the depth of water in many towns.

A report prepared by Albert Smith, Little Rock, of the Arkansas Power and Light Company, estimated the flood damage to Southeastern Arkansas alone at more than \$3,000,000. It showed approximately 682,000 acres of land under water and 25,000 persons affected in Jefferson, Lincoln, Cleveland, Desha, Drew, Ashley, Arkansas and Chicot counties.

Ten thousand families of that section will be compelled to start life anew, the reports said. Eighty-five per cent of the families are negroes.

**2,000 Refugees in One Camp.** The refugees in the concentration camp at Forest City, Ark., no number more than 12,000, available reports showed today. Supplied with food by relief agencies, the refugees cooked their meals last night over a thousand camp fires, gleaming along the slopes of Crowley's Ridge from Madison to Forest City. More than 600 persons were brought into the camp today as the evacuation of flooded territory continued.

Another report from Forest City said there were 3,000 refugees on the main Mississippi levee at Bruins Landing and must be taken off unless adequate means are provided to house and feed them. An investigator was dispatched from the Red Cross headquarters here today.

Shaw, Miss., is caring for 2,500 persons housed in box cars and tents, and the Mississippi levee board reported today that plans were being made to take thousands of others to Rosedale, where a concentration camp will be established.

**Towns Overrun With Refugees.** Cleveland, Miss., is filled with refugees and cannot take care of those pouring into the town and the territory around Pontchartraine, Ark., where a main levee of the Arkansas river broke a few days ago.

With outbreaks of measles, mumps, whooping cough and malaria reported in Arkansas camps the Red Cross moved today for added precautions to prevent serious epidemics. Health directors of seven states meeting with Red Cross officials will adopt plans for alleviating conditions. Little sickness is reported from the Mississippi concentration camps, but vaccination and other precautionary measures were being taken as rapidly as facilities were available.

Meanwhile Northern Louisiana parishes flooded by the raging Red river and other streams poured their inhabitants into Natchez and other safe towns.

## Heavy Loss Sustained By Railroads in Floods

By Associated Press.

New York, April 28.—Advices received in Wall Street, says today's Times, indicate that property damage to railroads in the flooded Mississippi river region may reach \$7,000,000.

The flood damage to the Missouri Pacific Railroad lines, may reach \$5,000,000 or \$6,000,000. The Texas and Pacific, which is controlled by the Missouri Pacific may be damaged to the extent of \$1,000,000.

By Associated Press.

St. Louis, April 28.—L. W. Baldwin, president of the Missouri Pacific Railroad, said today no one could tell now just what the flood damage would be to the railroad's property but it would not be "anywhere near" the \$7,000,000 estimated in Wall Street and reported today in the New York Times.

## Louisiana Levee Along Red Breaks

By Associated Press.

Shreveport, La., April 28.—A levee of the Louisiana Railway and Navigation Company along the east bank of Red River broke today flooding half a mile of railroad tracks and covering approximately 1,000 acres of land. Fifty negro families were said to be in the path of the water.

The cravasse cut off Coushatta from all rail communication. South of Shreveport water continued to spread over the low lands.

## Residents Moving Out Of Louisiana Parishes

By Associated Press.

New Orleans, April 28.—Five thousand residents of St. Bernard and Plaquemine parishes in Louisiana were abandoning their homes today and carrying all their portable possessions to New Orleans under the menace of Mississippi flood waters to be loosed tomorrow by the deliberate breaking of their protecting levee.

The scenes along the dusty highways leading to New Orleans where men, women and children were trudging behind every kind of wheeled conveyance was strikingly similar to those enacted 13 years ago when the civilian populations of France and Belgium fled before advancing hostile armies.

The great cravasse to sacrifice the two parishes in an attempt to save New Orleans from flood

waters, will be created at noon tomorrow in a manner as yet undesignated by engineers who feared that revelation of their plans might arouse troublesome resistance.

Many Show Resentment.

Although many of the parish residents received the official edict of banishment from their homes with good grace, bitter resentment was apparent in the hearing of others. Many farmers and trappers patrolled the levee with the avowed intention of opposing any move to break it, despite assurances of city and state officials that complete reimbursement would be made for all damages.

State militia and New Orleans police patrolled a levee above New Orleans to prevent an attempt to dynamite it and save the two parishes at the expense of flooding the city.

Despite the spectacular phase of the lower Mississippi flood, the crest of the waters still was far up stream.

**More Homeless in Arkansas.**

As the flood continued to spread over Mississippi and Arkansas, Ashley county in the latter state was inundated and 600 persons were driven to refuge in Hamburg. The exodus from McGhee, mostly under water, continued, with the refugee ranks at Monticello, the concentration point, numbering upwards of 5,000. There was grave danger of heavy loss of life at Belzoni, Miss., and its immediate vicinity and plans were made for hurried relief work today.

Epidemics were reported at fourteen refugee camps scattered over Arkansas where measles, mumps, whooping cough, pellagra and malaria were prevalent and it was stated the situation was becoming acute. Many of the refugees refused to be inoculated and vaccinated.

In that connection the state health authorities of the seven flood damaged states, were called to meet in Memphis today with Dr. William H. Keeton, National Medical officer of the Red Cross, to adopt a program of health conservation in the inundated regions.

Estimates at Clarksdale, Miss., relief headquarters were that 10,000 persons were in danger at Hollandale, Arcola and Belzoni.

**Urgent Calls For Aid.**

By Associated Press.

Memphis, Tenn., April 28.—Urgent calls for aid were received today from Hamburg, Ark., as back water from the Arkansas river broke at Pendleton submerged the countryside. Reports said the towns of Weydell and Montrose were submerged and their populations marooned.

The rural population was said to be feeling without sufficient clothing and no food supplies.

Held back by a great railway embankment, the waters from Pendleton break were said to threaten a

## MAINTENANCE ROADS NAVARRO COUNTY TO GIVE SATISFACTION

### DIVISION HIGHWAY ENGINEER CONFERS WITH LOCAL INTERESTED PARTIES

Assurances of efficient handling of maintenance work in Navarro county were given by E. C. Woodward of Waco, division highway engineer, to County Judge Warren Hicks and members of the Chamber of Commerce Highway Committee Wednesday afternoon.

In order that some of the citizens of the county might be fully informed of the plans and policies of the highway department with regard to Navarro county, Mr. Woodward requested the informal conference with the county judge and Chamber of Commerce.

"All I know is roads and all I am interested in is results and I believe citizens of Navarro county will be greatly pleased with the work of the department in your county during this year," declared Mr. Woodward.

Present at the conference were Judge Hicks, Sydney Marks, Judge Lee Jester, Joe B. Fortson, J. Nick Garitty, R. J. Jackson, J. O. Burke, A. A. Allison, Roy Christian.

**Card of Thanks.**

I take this method of thanking friends for being so good to me. I thank the good people of the First Methodist church for all they have done for us. There comes that big hearted E. T. Williams with his contribution. Next comes his Sunday School from Zion's Rest with its contribution and shower of good things to eat. Then comes L. M. Williams with his many good things to eat, such as ham, shoulder, muddling, lard, sausage, with many other good things. But this is a common thing with L. M. He has been doing this for four years. He has a heart of love for his father and mother, and here comes the good ladies with their waiters loaded with good things to eat. My, my, what a time I had. And then the good ladies came with their flowers, placed them on the dresser. I declare to you the dresser reminded me of a large rose bush full of big white and red roses. Flowers mean much to me.

Thanks be to my friends for being so good to me during four weeks. I was confined to my bed. But the best of all, the Lord has been with me.—E. O. WILLIAMS.

vast portion of Ashley county, Portland, another town, was expected to go under water soon.

Government Gives Assent.  
Washington, April 26.—War Department officials are preparing to notify Governor Simpson of Louisiana that no federal objections would be raised to a proposal to cut the Mississippi river levee below New Orleans, provided army engineers found no technical drawbacks.

Only a meagre report was received yesterday from Yunnan that Miss Craig was released and was well, but there was no news of the bandits.

## ANCIENT CHINESE CITY IS READY TO ERUPT AT ANY TIME

By Associated Press.  
Shanghai, April 27.—Forty-five gunboats were stationed in the Yangtze today with their guns trained on Hankow.  
While on the surface Hankow is quiet, there is much tension and rumors persistent that the British are planning to retake the concession. A great deal of looting is reported. It is stated that at Hankow, as well as Nanking, field pieces are being moved to selected positions outside the Native city.

Vast crowds are listening in Hankow to street corner speeches by radical leaders. Although the authorities reiterate there is no desire to attack foreigners, there is fear, nevertheless, that the coolies, saturated with radical doctrines about "Imperialism" will fail to contain themselves in critical moments.

False reports spread like epidemics. When a foreigner has a controversy with the coolie who draws his jinkiksha the rumor often spreads that "a foreigner has killed one of our comrades," and mobs form.  
The Hankow government is rapidly acquiring possession of all the silver in the city. Although foreigners regard this as a step in a program to confiscate the liquid finances of the country paying the way to confiscation of industry, the authorities aver it is merely a war measure to assure finances for the military campaign, which is vital for the Nationalist future.

Advices from Hankow say that Feng Yu-Siang, formerly known as the "Christian General" has been offered commandship of the Hankow armies.  
Await Word From Nurse.  
By Associated Press.  
Shanghai, April 27.—The China inland mission and consulate agents were eagerly awaiting further word today from Yunnan concerning the release of Miss Mary Craig, Philadelphia nurse, who was kidnapped by bandits recently in Tunnan province.

Only a meagre report was received yesterday from Yunnan that Miss Craig was released and was well, but there was no news of the bandits.

## TEXAS THEATRES GIVE SHOWS FOR FLOOD RELIEF

By Associated Press.  
Dallas, Texas, April 27.—Backed by the motion picture theatre owners of Texas, Inc., and the film exchanges, theatres throughout the State next Sunday will devote their entire programs and all their energies to the cause of flood relief.  
Benefit performances will be given in more than 250 theatres. W. S. Waid, manager of the Theatre Owners' organization, announced. The entire proceeds of these performances without deduction for expenses of any kind, will be turned over to the Red Cross, so that every penny spent in these theatres next Sunday will go to the relief of flood victims.

Mrs. Schilscher or her five-year-old son, who were taken prisoners with Miss Craig. The Rev. Morris Schilscher, her husband and his 8-year-old daughter were killed by the bandits.

Chinese Mint is Fined.  
By Associated Press.  
London, April 27.—An Exchange Telegraph dispatch from Hong Kong today reported receipt of a message saying the Chinese government (Cantonese) mint at Canton was ablaze. Arson was suspected, the message added, and Tai Chuk-An, described as leader of the Reds had been arrested.

## MOTION TO QUASH CHARGES AGAINST LEGISLATORS MADE

By Associated Press.  
Austin, Texas, April 26.—Defense motion to quash the joint indictment against F. A. Dale and H. H. Moore, expelled from the House of Representatives on bribe taking charges, was overruled today in Criminal District Court by Judge J. B. Hamilton and tentative selection of jurors was ordered begun from a venire to be completed during the day.  
No motion for severance of the joint case and trial of Moore first had been made but there apparently is an understanding that such will be done.  
Dale and Moore were indicted for alleged acceptance of \$1,000 from Willis Chamberlain, Texas optometrist lobbyist, to influence an unfavorable House committee report on a bill to tax stationary optometrists.  
Defense counsel moved to quash the indictment on claims that H. H. Moore, among other things, did not adhere to the law and that he was incapable of influencing the committee, and that legally defined bribery therefore could not be shown.

By Associated Press.  
Austin, Texas, April 26.—Tentative selection of jurors who were questioned at length was under way today preliminary to the trial of H. H. Moore, Cooper farmer, jointly indicted with F. A. Dale, Bonham lawyer, on charges of accepting a bribe to influence legislation in the House of Representatives from which they were expelled.  
Severance of the case was demanded by and accorded defense attorneys, and Moore, whose House expulsion was not voted so nearly unanimously as Dale's, will go to trial first. They are charged with accepting \$1,000 from Willis Chamberlain, optometry association lobbyist who had forewarned House officials and Texas Rangers to secure an unfavorable committee report on Moore's bill to tax stationary optometrists.  
Defense counsel questioned jurors closely about whether they had formed opinions as to the result of reading of Dale's and Moore's expulsions from the House of Representatives.  
District Attorney J. D. Moore provoked objection from T. H. Gregory, defense counsel, by asking a juror whether he had any prejudice against Chamberlain. Objection was withdrawn, however.

## ILLNESS STATE'S STAR WITNESS HALTS MOORE TRIAL TODAY

By Associated Press.  
Austin, Texas, April 28.—Illness of W. W. Chamberlain, State's star witness, today caused recess until Friday of the trial of H. H. Moore, charged with conspiring with F. A. Dale in alleged acceptance of Chamberlain's \$1,000 bribe which caused their expulsion from the House of Representatives.  
Chamberlain was taken ill Thursday morning and was removed to a hospital.  
Trial got under way yesterday after selection of a jury about mid-afternoon.  
Three women witnesses gave the State's preliminary testimony which had to do with official legislative records concerning Moore's optometrist tax bill.

"Corsicana Has It."

## LOCAL FUND FOR RED CROSS RELIEF GROWING RAPIDLY

A total of \$1,000.00 had been received by the local chapter of the American Red Cross for the relief of the flood sufferers along the Mississippi river and its tributaries up to 1 o'clock Tuesday afternoon, according to a check of the receipts at that hour. Additional subscribers to the fund are announced and printed in these columns today.  
There is no need to stress the importance of this relief work. It is only necessary to read any newspaper to gain an insight into the awful catastrophe which has befallen hundreds of thousands of people in the Mississippi valley and the end is not yet in sight. Thousands are being driven from their homes daily and now the great city of New Orleans is reported threatened by the worst flood in the history of the city.

Clothing and other supplies are being sent by the American Railway Express Company free of charge to any duly constituted relief agency in the flood area. Mrs. J. D. Jackson is looking after the gathering of clothing for the flood sufferers and she will take care of any donations on this line. The cash donations are to be sent to the Daily Sun office, at the request of the Rev. H. J. Ellis, local Red Cross chairman. The subscriptions received since 1 p. m. Monday are as follows:

## MOVEMENT FOR BETTER HOMES ONE GREAT IMPORTANCE

Special to the Sun.  
Washington, April 26.—"There are few things which tend to destroy the family's interest in the home. Today, however, varied activities and contacts keep people away from their homes for a great part of their time. This makes it especially necessary that the home be comfortable and attractive, and fill real needs in the lives of all the members of the family."  
"Better Homes in America is building up and preserving the unity of our family life and spirit by setting up a new and higher standard in small houses and by adding an increasing number of families to appreciate and to live in better homes. Such a movement cannot but foster a higher type of family life and a higher type of citizenship."  
Dr. Ray Lyman Wilbur, President of Stanford University writes: "Simple but artistic and attractive homes have a profound influence upon those who occupy them, particularly upon growing children. With the increase in cultivated plants, better understanding of gardens, and improvement in architecture, the taste of a whole generation can be improved by the Better Homes Movement."

Surgeon General Cummings of the U. S. Public Health Service sees in the home "the backbone of the nation" and continues, "as we build it better, and maintain it better, both as a physical structure and as an ethical conception, we shall reap our national reward in increased health and happier and more useful lives."

J. Horace McFarland, former President of the American Civic Association and an authority on gardens, emphatically declares that he has already observed the beneficial results of Better Homes campaigns of the past five years: "It is not possible to close one's eyes to the influence on home-building which the movement for 'Better Homes in America' has already exercised. I see it not only in the houses themselves, better planned, better placed, better built, but particularly in an astonishingly active movement for better surroundings through better planting. I believe we are to have very rapidly in America many garden homes and homes in gardens, which are to be commendable both for the inside and outside features of a true home in consequence of this great work."

At that time there were relatively few things which tended to destroy the family's interest in the home.

## STATE ORPHAN'S HOME SCORED 16 POINTS SATURDAY

Special to the Sun.  
Hillsboro, April 26.—Scoring 16 points, the State Orphan's Home of Corsicana tied Hillsboro for third place in the district track and field meet here Saturday. Hillsboro was first with 34 points with Waxahachie second with 27. Parma of Ennis was high point man with two firsts and one third place, while Bennett of Midlothian was second with 9.

Newland of Corsicana high school scored the only points of the meet for the Tigers when he came from behind and with a driving finish won second in the one mile run.  
The State Home tracksters scored the following points: Ellsworth, 2 3-4; Baker, 3-4; Haley, 3-4; Griffith, 5; Hearn, 3; Locke, 3.  
The fight put up by the State Home for first place in the mile relay against Cleburne was a sight worth going miles to see.

Results of the meet follow:  
Track Events  
100-yard dash — B. Thompson (Waxahachie) first; Guthrie (Whitney), second; Parma (Ennis), third; Stoker (Grandview), fourth. Time: 16.6.  
120-yard high hurdles — Jones (Cleburne), first; L. Hughes (Hillsboro), second; Morris (Waxahachie) third. Time: 16.8.  
220-yard low hurdles — Parma (Ennis), first; Rogers (Cleburne), second; Morris (Waxahachie), third; Hinton (Cleburne), fourth. Time: 26.5.  
220-yard dash — Thompson (Hillsboro), first; B. Thompson (Waxahachie), second; Stoker (Grandview), third; Rogers (Cleburne), fourth. Time: 21.  
400-yard dash — Irvin (Haskell), first; Thompson (Hillsboro), second; Ellsworth (State Orphan's Home), third; Shaw (Cleburne), fourth. Time: 54.2.  
1 Mile run — Ireland (Cleburne), first; Newland (Corsicana), second; Lavender (Brandon), third; Rugh (Hawthorne), fourth. Time: 4:57.5.  
Saward run — Wilson (Haskell), first; J. Trussell (Mount Carmel), second; McMillan (Valley Mills), third; Carter (Godley), fourth. Time: 2:10.  
Mile relay — Cleburne (Squires), first; Shaw (Cleburne), second; Hinton (Cleburne), third; Rogers (Cleburne), fourth. Time: 2:10.

Follow, Shaw, and Ireland, first; State Orphan's Home (Chaker, Haley, Baxenport and Ellsworth), second; Godley (Godley, Theford, Franklin and Carroll), third; Valley Mills (McMillan, Powers, Hix and Richards), fourth. Time: 3:12.5.

Field Events  
Shot put — McCluney (Waxahachie), first; Bennett (Midlothian), second; Griffith (State Orphan's Home), third; Birchfield (Rio Vista), fourth. Time: 34.46 feet, 9 1/2 inches.  
Javelin throw — Leathers (Mount Carmel), first; Hearn (State Orphan's Home), second; McCluney (Waxahachie), third; Bennett (Midlothian), fourth. Distance: 116 feet, 10 inches.  
Discus throw — Bennett (Midlothian), first; Griffith (State Orphan's Home), second; Morris (Waxahachie), third; Griffith (State Orphan's Home), fourth. Distance: 108 feet, 11 inches.  
High jump — Russell (Cleburne), first; Locke (State Orphan's Home), second; L. Jones (Cleburne), third; Sims (Hillsboro), fourth. Height: 5 feet, 10 inches.  
Broad jump — Parma (Ennis), first; Morris (Waxahachie), second; L. Hughes (Hillsboro), third; Rogers (Cleburne), fourth. Distance: 19 feet, 7 inches.  
Pole vault — Freeman (Cleburne), first; Morris (Waxahachie), second; Isbell (Hillsboro), third; Padgett (Godley) and Hardestine (Godley), tied for fourth. Height: 11 feet.

Results of the meet follow:  
Track Events  
100-yard dash — B. Thompson (Waxahachie) first; Guthrie (Whitney), second; Parma (Ennis), third; Stoker (Grandview), fourth. Time: 16.6.  
120-yard high hurdles — Jones (Cleburne), first; L. Hughes (Hillsboro), second; Morris (Waxahachie) third. Time: 16.8.  
220-yard low hurdles — Parma (Ennis), first; Rogers (Cleburne), second; Morris (Waxahachie), third; Hinton (Cleburne), fourth. Time: 26.5.  
220-yard dash — Thompson (Hillsboro), first; B. Thompson (Waxahachie), second; Stoker (Grandview), third; Rogers (Cleburne), fourth. Time: 21.  
400-yard dash — Irvin (Haskell), first; Thompson (Hillsboro), second; Ellsworth (State Orphan's Home), third; Shaw (Cleburne), fourth. Time: 54.2.

RUBBER CO  
TEXAS LARGEST TIRE HOUSE

Corner 5th Avenue and Main St.

QUALITY

SERVICE

In EVERY feature of the Tire construction, Quality enters. That's where Quality counts. That is the real secret of success with the Dayton. Should it prove any wonder to you, then, that its service is remarkable?

A GREATER weight of rubber on the tread than any other tire possesses—and it is Pure Gum rubber, for never an ounce of reclaimed rubber has ever been placed in a Dayton. Two to four MORE PLIES of extra strong Cord Fabric, with greater amount of rubber between each ply—a more flexible sidewall construction—a heavier and stronger bead base. Indeed the Dayton is the Highest Quality Tire on the market—the GREATEST TIRE EVER BUILT!

The Pharis Tire, although not in this Peak Quality class with the Dayton, is at the same time, EQUAL to any of the Highly Advertised First Line tires. Then our Prices! They are without the pale of comparison. Competition cannot match them. Then may we serve you?

## HOOVER PAYS SOUTH TRIBUTE FOR ITS HEROISM

By Associated Press.  
New Orleans, La., April 27.—The Southland has toiled heroically in the aid of its flood victims, Secretary of Commerce Herbert Hoover, envoy of President Coolidge, touring the Mississippi River Valley inundated area, declared here today, but the rest of the nation "should not fail in providing the Red Cross" with the funds necessary to carry on its program of mercy.  
A tribute was paid by Mr. Hoover to the heroism and self-sacrifice of the people of the flooded cities and towns and the refugee camps.

## SUBSCRIPTIONS TO RELIEF FUNDS ARE INCREASING DAILY

Subscriptions to the Red Cross relief fund continues to come in. The sum of \$492 was handed in after the check-up was made Tuesday until 1 p. m. Wednesday. There has been no concerted drive or campaign for funds, but the fact that a total of \$1462 have been voluntarily subscribed by Corsicana citizens without any solicitation outside of appeals placed in the columns of the Sun, demonstrates the fact that Corsicana citizens realize the importance of the appeal and the necessity of responding.

The Kerens Red Cross organization has contributed through the local chapter and others from over the county have subscribed, but practically all the amount has come from local citizens who brought their checks to the Daily Sun, or to the Rev. H. J. Ellis, local Red Cross chairman, or mailed them in. Much clothing, it is stated, has also been sent out.

The working headquarters of the American Red Cross for the flood district has been moved from St. Louis to Memphis. It was stated in a letter received by the Rev. Mr. Ellis, chairman of the local chapter, Wednesday. This, it is stated, was stated, in order that relief work might be more easily kept in touch with. It is thought, Mr. Ellis stated, that all clothing, etc., would be sent to this place. Henry M. Baker of the Red Cross is actively in charge of the relief work in the flood area.

The American Railway Express Company is not only forwarding relief supplies to the Red Cross free of charge, but it was stated Wednesday that a wagon would be sent for the clothing and other supplies and that they would be wrapped or packed free of charge by the company. This is a most generous spirit displayed by the company and the local management and employees and will be duly appreciated by all concerned.

Subscribers to the fund today were as follows:  
T. Y. Allen, Rice, ..... \$ 2.00  
C. M. Gillispie, ..... 5.00  
J. S. Eubank, ..... 25.00

## MEXICO FEDERAL AUTHORITIES TELL OF SLAYING BANDITS

Mexico City, April 26.—Federal forces sent in pursuit of the rebel band which burned a train in a holdup last Tuesday overtook the rebels at El Guitarro Valley in Jalisco on Saturday and in a five-hour battle sixty of the band, eight soldiers and an officer were killed.  
A War Office announcement today said the rebels were commanded by the Catholic Priests Vera and Angulo.  
The combat took place in a six-mile area, and the rebels abandoned one hundred horses, full saddled, and a large quantity of arms and ammunition.  
Generals Garza and Izquierre, in command of the federal troops, said that objects belonging to passengers on the Guadalajara train were found on the bodies of the rebels.  
At the same time the War Office made the announcement about the engagement at El Guitarro, it received a report of an unsuccessful attempt to attack the Juarez-Mexico City train Sunday morning near the Salas station.  
Federal forces commanded by General Amallas put the rebels to rout.  
The War Office also made the announcement that thirty-two rebels were killed in combats with federal troops at Lobos Canyon and Cabos Ranch, in the state of Jalisco.  
Twenty-one Yaqui Indians were killed, and five Yaqui men and 89 women and children were captured in two combats in Sonora, according to a report to President Calles.

## BILLIARD CHAMP STOPS FOR VISIT IN WICHITA FALLS

By Associated Press.  
Amarillo, Texas, April 28.—Weller Cochran, world's champion 18.2 ball line billiard champion, was visiting his home folks today. Cochran, on his way to Los Angeles where he will open a vaudeville engagement, stopped off to spend the day with his father, Dan C. Cochran, and his sister, Mrs. Weller Clark.  
While here the champion will play two exhibition games with his father, who was a well known three cushion player in his day.

## COTTON PRODUCTION MAY BE CUT TWO MILLION BALES BY FLOOD WATERS MISSISSIPPI

By The Associated Press.  
Memphis, Tenn., April 26.—While cotton factors and interests here have stated their belief that flood conditions in the Mississippi River area will affect the production of between 1,000,000 and 1,500,000 bales, they do not believe an accurate estimate can be made at this time.  
Most cotton men expressed the opinion that large sections of acreage now under water will be drained in time to permit planting some types of cotton that will mature. Cotton may be planted in the Mississippi delta area as late as June 1, they pointed out and will mature under usual weather conditions.

New York Estimates Are High.  
By The Associated Press.  
New York, April 26.—Estimates obtained in trading circles by New York newspapers indicated today that the cotton crop would be short from 1,000,000 to 2,000,000 bales because of the Mississippi river floods.  
Traders declared inundation of millions of acres in the most fertile section of the cotton belt would seriously delay planting time, and destruction of homes, equipment and seed supplies will affect the amount of acreage sown. One trader estimated the waters would not recede for six or eight weeks at which time he said it would be too late to begin planting.

New Orleans, April 26.—Regardless of any reduction in the 1927 cotton acreage the present flood will probably reduce this year's crop at least one million bales, according to a statement issued today by Farnk B. Hayne, former president of the New Orleans Cotton Exchange. The inundated acreage may not be all cotton land, but sufficient acreage is under water to make that reduction probable, Mr. Hayne said.

## COURT HOUSE NEWS.

From Wednesday's Daily District Court.

The case of B. J. Darden vs. Henderson County Levee Improvement District No. 8, damages, which started in the district court Monday, was still on trial Wednesday. The remainder of the jurors for the week were excused by District Judge Hawkins Scarborough Wednesday morning until Friday morning.

## District Clerks Office.

The following case was filed: Joe O'Daniel vs. Leo O'Daniel, divorce.

Marriage License.  
Elton C. Hatfield and Aline White.

## Births.

Born to Mr. and Mrs. W. A. Pritchett, Kerens, April 18, a son.  
W. N. Trull, Navarro, April 14, a daughter.  
Walter Poe, Powell, 1, April 25, a daughter.

T. B. Henderson, Corsicana 4, April 1, a son.  
Sick and Convalescent.  
Mrs. V. O. Goodlander and baby daughter were able to be moved to their home at Mildred Tuesday.  
Luther Lane, who has been in the Navarro County Hospital for several days with injuries received in an automobile accident, was able to leave Monday.  
Mrs. Phil Rellly, 623 West Collins street, is reported very ill at her home and her daughter, Mrs. L. B. Moran, and granddaughter, Miss Margaret Emily Johnson, of Yuma, Ariz., have been called to her bedside and are now at her bedside. Reports Tuesday were that Mrs. Rellly was somewhat improved today.

## Drowning Report Denied.

Jackson, Miss., April 26.—Reports that 35 persons had been drowned at Heads, Miss., when they jumped from a burning building into flood waters were denied today by Dr. A. F. Copeland, of Leeland, Miss., near here.  
Dr. Copeland said that an out-house on a farm at that place burned but that no persons were killed or injured.

## NEW DEPARTURE IN BOMBING PLANES IS TESTED WEDNESDAY

By The Associated Press.  
Cleveland, Ohio, April 27.—A new naval plane, the largest single engine, air-cooled bomber in the world, took off here today from the Glenn L. Martin field in a trial flight intended to establish the efficiency of what aircraft engineers described as a revolutionary departure in air-plane construction.  
The flight was the first test of the Pratt and Whitney 325-horsepower radial motor developed specially for naval bombing planes.  
Glenn L. Martin, president of the company bearing his name, was in whose plant it was built, declared that if successful the flight would render "virtually as perfect."

obsolete all bombing planes equipped with water-cooled motors." The plane was the first in military aviation to carry a load greater than its own weight. Mr. Martin said. The ship itself weighs only 3,460 pounds while the load it took up today totaled 3,704 pounds.

Cleveland, O., April 27.—Aeronautical engineers here today hailed as a revolutionary step in the advancement of naval aviation the successful trial flight of a huge single motored air-cooled bombing plane constructed in the plant of the Glenn L. Martin Airplane Company.

The great ship, largest bomber of its type in the world, took off from the Glenn L. Martin field promptly at noon and soared for twenty minutes, the first time in history that any military plane had carried a load greater than its own weight.

Both the take-off and the landing were described by observers as perfect.

## NEWS of the BOY SCOUTS

## Scouts Plan For Summer Camps

Boy Scouts throughout the country are making plans for an active summer in Scouting. Troop committees are shaping plans to send boys to either the organized Council camp or independent troop camps, which are becoming more popular each year. Questionnaires have been sent from the local Boy Scout office to each scout in the county and wish to urge the boys to return these as quickly as possible that definite plans may be made for the Council Camp. It is very likely that Corsicana Scouts will camp with the Waco Scouts or at the Waco Camp.

The efficiency contest now in progress is becoming more interesting each quarter. Troop No. 9, of the Agudas Achaim Synagogue, won the trophy for the first quarter of the year and so far this quarter have made splendid showing. It is hoped that all of the troops in the county will enter the efficiency contest during this quarter and advance in Scouting. An effort is being made to have every Scout to advance at least one rank during the next month, every merit badge Scout to pass another merit badge.

Eagle Scout McClellan Wassell reports that the "Swastika" troop is making some progress toward permanent organization and that a meeting will be called of its members in the near future. This troop is composed of older boys who have kept their membership in the Boy Scout Movement but have not met with a troop for the past several months, most of them are First Class Scouts.

Troop Committees of Troop No. 11, at Blooming Grove met Tuesday afternoon and each man was given an active part in the troop for the summer months while the regular scoutmaster is away. Mr. I. G. Griffin, chairman of the committee stated that May 12th the troop would have a "feed" and like in honor of Mr. E. G. Bie, Scoutmaster who leaves May 20th. Mr. C. L. Boswell expressed a desire to take the troop on an industrial "trip" or trip as it would be called, to Fort Worth to visit places of interest, such as the packing houses, and stock yards. This troop has many other interesting projects it expects to work out in the near future.

Scoutmasters are requested to send reports of their troop activities in to the Scout office each week.

BOY SCOUT REPORTER.

## PREPARING TO CARE FOR TOURIST TRAVEL IN SUMMER MONTHS

## CHAMBER COMMERCE BRINGING ROAD INFORMATION DEPARTMENT UP TO DATE

Looking forward to the automobile touring season with its increasing request for highway information on distant as well as local points, the Chamber of Commerce is revising its files of maps and log books.

Miss E. Edwards of the Chamber of Commerce staff is spending Thursday in Dallas studying the sources and methods of road routing and information at the Highway Department of the Dallas Chamber and the Dallas Automobile Club. Practically all highway maps and log books have to be replaced each year.

Any person who travels by automobile realizes how difficult it is to get accurate condition and routing information that is entirely dependable, it was pointed out at the Chamber of Commerce, and constant diligence and co-operation with other road reporting agencies are necessary to maintain satisfactory service.

Traffic was getting through the county in all directions Thursday, except over the Trinity at Kenens where the tramway is still under water. The Waco route via Dewey is still doubtful in stretches for any but light traffic, it was reported Wednesday night.

## Returning to Corsicana

Mr. and Mrs. Allen Griffin and children and Mrs. Griffin's mother, Mrs. M. J. Schiermann, who have been making their home in Waco for the past several years, have moved back to Corsicana and will again occupy their home on West Tenth avenue, just off Fifteenth street. Mr. Griffin, who was formerly in the drug business here, is now traveling.

## QUICK WORK DONE IN PAVING EAST COLLIN STREET

Work of laying the concrete base for the paving of East Collin street from Beaton to Commerce was completed in just a half a day Thursday. Two machines were used to lay the foundations and work was started at 6:00 Thursday morning and completed about 12:40. Work is being rushed on this strip in order to open the street to traffic as soon as possible.

## Take Your

watch to Fred Mitchell's if it needs repairing. 214 S. Beaton.

## Black Phosphorus

Black phosphorus, hitherto supposed to be pure phosphorus, is now known to be the result of sudden cooling, is produced by the contact of phosphorus with mercury on which it can react at the moment when it passes from the liquid to the solid state. Molten phosphorus dissolves mercury, giving a colorless solution. When cooled the saturated solution remains colorless in all low temperatures, but if the phosphorus solidifies the solidification is very weak and the mercury leaves the solidified phosphorus and colors it black.

If black phosphorus is melted, the mercury is easily redissolved in the surrounding phosphorus and the whole body becomes colorless. This is the correct explanation of the phenomenon.

## No Pink Sheep

A new pair of pink and white-striped woolen blankets had been bought for the home. Harriett, age six, was the proud possessor of them.

A few nights ago, after tucking her warmly in her bed, the mother spoke of how the sheep had given the wool to make the blankets. Harriett listened attentively, then said seriously: "Yes, mother, they gave the wool for the white part, but not for the pink part, because there are no pink sheep."

## Sick and Convalescent.

Mrs. Carrie Branch of Ballinger is seriously ill at the Navarro County Hospital.

Mrs. L. E. Hook, who is visiting relatives in Corsicana, underwent an emergency operation at the hospital Wednesday night for appendicitis.

Woodrow Wilson, son of Mr. and Mrs. H. J. Wilson, underwent an emergency operation for appendicitis at the hospital Wednesday night.

Miss Mary Elizabeth Pearson of Fursley who has been in the hospital several weeks has recovered sufficiently to be moved to her home.

Mrs. R. L. Collier has recovered sufficiently to be moved to her home from the hospital.

Mrs. Mary Pollan of Rice was moved to her home Wednesday.

## PATROL LINES ON LEVEES WATCHFUL NEW ORLEANS AREA

(Continued from page 1)

Many of the lowland residents declared that they would stay until the water covered the roofs of their houses. Then, they said, we will take to our pirogues.

Sheriff Albert, of Plaquemine parish, estimated that there were probably 1,000 inhabitants in the marshlands, living in the almost impenetrable haze of high grass. Many of these said they would remain in the swamps whose animals, shrimp and crabs have given them a living.

Woman to Say at Light House. The sheriff cited as an example of the attachment of the people for their homes his experience when he went to warn Mrs. Tom Crosse, post mistress and light house keeper at Bertrandville to take her children and seek safety in New Orleans. Bertrandville is 15 miles south of the spillway which will take the water to Lake Borgne.

"I will keep that light burning until Uncle Sam comes and takes me away. If the water comes over my store, I'll take my children, my cows and my chickens to the levee by the lighthouse. You may leave a tent if you want so I will have somewhere to live."

An occasional negro plantation hand, warned of the impending danger, would shrug his shoulders and say "let her break."

## SUBSCRIPTIONS TO FLOOD SUFFERERS CONTINUE THURSDAY

## NEARLY SEVENTEEN HUNDRED DOLLARS HAVE BEEN RECEIVED TO DATE

Subscriptions to the American Red Cross for the relief of Mississippi Valley flood sufferers continued to come in Thursday, the sum of \$228 having been received to the fund since 1 p. m. Wednesday, when a total of \$1462 was reported. The total received to 1 p. m. Thursday had reached \$1,690, and subscriptions are expected to continue to swell the amount daily for some time to come.

Word from the flood area Thursday states that heavy calls are being made upon the Red Cross and that the need of funds and clothing and other materials is great and that the citizenship of the nation at large is expected to contribute liberally to the fund. Checks and cash are to be sent to the Dallas Sun office, the Rev. H. J. Ellis, local Red Cross, chairman, states, while clothing may be sent to the home of Mrs. J. D. Jackson, who has kindly consented to look after this feature of the relief work.

Subscriptions received Thursday follow:

Mr. and Mrs. John Henry Bryant	\$ 5.00
Chas. G. Jester	10.00
F. Greenlee	5.00
George Leonard	4.00
Cash	5.00

## HEARING SCHEDULED ON PROPOSED BOND ELECTION MONDAY

## ELECTION WILL PROBABLY BE HELD ON SATURDAY, JUNE 4, IT IS STATED

A hearing is scheduled Monday by the Navarro county commissioners' court on the proposed calling of a good roads bond election in consolidated Road District No. 1, 1 and 11 and other portions of the county, including Corsicana, Embouse, Rice, Richland, Navarro, Mildred, Enricka, Powell and other communities.

The proposed election provides for a bond issue of \$2,690,000, which will retire outstanding bonds in the sum of \$412,000, and provides for the construction of a system of reinforced concrete roads. The petition was presented at a recent meeting of the court and in the event that the court votes to call the election after the hearing scheduled here Monday, the election will be held on Saturday, June 4.

## Special to the Sun.

Chicago, April 27.—Boys—clean faced, freckled faced, dirty faced, teen age boys—will be the center of interest for the coming week from New York to San Francisco, and from Vancouver to Tampico. The period from April 30 to May 7 is the officially designated Boys' Week.

The object of the movement, which will be observed in more than two thousand cities is to focus the attention of the public on the boy as a nation's greatest asset, according to Walter M. Head, an Omaha banker, chairman of the general committee in charge of the affair. The committee also hopes to interest boys in themselves and emphasize fundamentals in character building.

Mr. Head is most insistent in stating what Boys' Week is not: "We are not trying to raise funds," Mr. Head said here today. "We do not want to exploit the boy and we do not want to provide him with a week's holiday by this celebration. We are anxious to give every youth an equal chance to work out his destiny without the handicap of underprivilege or over-privilege."

Word reaching William Lewis Butcher, of New York, secretary of the committee indicates that particular interest is being displayed by local committees in Hobby Fairs and Achievement Exhibitions. Hobby Fairs are for the display of whatever the boys of the community care to collect, such as stamps and coins, or botanical and geological specimens.

Achievement Exhibitions are prize contests for articles made by the boys' own hands, such as radio sets, household utensils, leather goods, etc.

Among the cities which are planning particularly impressive celebrations are: New York, Kansas City, Memphis, San Francisco, Baltimore, Philadelphia, Fort Worth, San Antonio, Birmingham, N. Y., and Rome and Savannah, Ga.

Each day will be devoted to some special phase of boy life. Saturday, April 30, has been designated Boys' Loyalty day. It will be featured generally by parades. In many cities, boys are being urged to bring their pets along with them to the march.

Sunday, May 1, is Boys' Day in Churches. Fathers are urged to attend services with their sons and many ministers are planning special services for that occasion. Monday is Boys' Day in Schools and Tuesday, Boys' Day in Industry. Wednesday is turned over to athletics and entertainment. Thursday, to citizenship and Friday, to health.

Friday evening has been set apart for the Boy in the Home and Boys' Day Out of Doors closes the week.

PLABOY Portable Phonographs, beautiful colors, positively guaranteed to satisfy you, all new machines only \$10.—City Book Store.

## Diamonds,

watches, hand bags, at good prices at Fred Mitchell's Jewelry Store, 214 South Beaton.

## LIMESTONE COUNTY GETS STATE AID FOR HIGHWAY PROJECT

## WILL HAVE CONCRETE ROAD TRAVERSING EXALL HIGHWAY NORTH-SOUTH

## Special to the Sun.

Mexia, Texas, April 28.—Immediate starting of the building of permanent highways in the Mexia precinct with State, Federal and local money has been authorized, subject to Federal aid being received according to the local roads committee.

The State has authorized expenditure of \$160,000, with \$80,000 for eight miles of concrete roads on State Highway No. 14 north and south, which passes through Mexia. The local money has been provided in a \$150,000 bond issue voted two years ago. Lateral roads under this program are being completed, and money reserved for the State Highways.

The county asked for funds for a total of 20 miles, but the State Highway Commission advised that its funds would be available for one road only, with money to be available for the east and west highway later.

Bids will be asked on the type of concrete road, an improved concrete structure, and on a reinforced concrete base with hot asphalt topping.

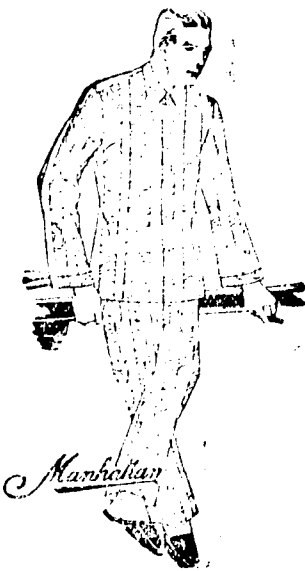

The section of the highway for which funds are to be available soon is on the X-All Highway toward Groesbeck from Mexia and toward Wortham from Mexia.

J. I. Riddle is chairman of the Mexia Chamber of Commerce road committee which is taking an active hand in the building of roads in this district.

## Plenty of Money

to loan on diamonds, watches, guns, hand bags.—Fred Mitchell's Jewelry Store, 214 South Beaton.

Carry it with you, it's "life size" but light and beautiful, makes music like a \$100 phonograph only \$10.—City Book Store.

L. Whorton and Will Talley were in Dallas last Friday on business.

Mrs. J. W. Blakely of Dallas came in Monday to spend a few

## YOUNG WOMAN IS BROADCASTER OF MARKET REPORT

Special to the Sun.  
Kerens, Texas, April 28.—The South may have its male "Voice of the South" and the Southwest its "Third Hand" for radio announcers, but the Middle West claims a young woman who works for Uncle Sam as one of its leading broadcasters.

She is Miss Nannie M. Cox, chief clerk of the livestock, wool and meats division, Agriculture Department. Her daily broadcasting of livestock market reports to growers over a wide territory has made her name well known. Among cattlemen from congested market centers to remote sheep herders' shacks of the mountain range.

She takes the air at least three times a day. From a telephone in her office her voice is carried to the studio of station WBBB and radiated to the wide open spaces. She "mikes" well, they say, and growers of half a dozen states or more are known to have heard her reports.

Once in a while a stockman hundred of miles away will drop into the local office for a visit and invariably asks to see the "radio lady" before hitting the trail back to the ranch.

The Kansas City office is only one of 21 such offices, all of which make daily use of the radio to keep thousands of growers over the country informed of the latest news in their field.

At this time, Capt. Brumage addressed the officers and privates of Battery E, as to what the National Guard stood for and what it meant in military life. He then stated that he was highly pleased with the pride of the officers and men in looking after the equipment and the interest they were taking, not only in themselves but the local organization. He avowed that the results of his inspection of this unit was very satisfactory which is the highest rating possible for an encampment. Captain Brumage's words fell not only to the ears of those members of Battery E, but to those who turned out to witness this inspection.

Battery E, 132nd F. A. T. N. G. Kerens, is composed of 56 men, not mentioning the official staff. Capt. Hal C. Johnson, his staff and other members of Battery E are to be highly commended for the manner in which the Armory headquarters is kept. It is known as one of the best in the State of Texas.

**Ample Tonnage For Crop Exports Assured**

By Associated Press.  
Merchant Fleet Corporation officials have announced that they will be able to meet the demand for tonnage this summer to move that part of the wheat and other crops consigned for export from Gulf ports.

While they do not anticipate conditions this year will be quite as urgent as in 1926, when 92 ships in the government fleet were assigned for the emergency movement of grain, cotton, flour and tobacco, they believe the demand for bottoms will be brisk and are preparing to strengthen the government cargo fleet accordingly.

They declare they will be ready with ships when the flour and wheat movement starts around July 1.

**INSPECTION OF BATTERY E. ENDS TUESDAY NIGHT**

Special to the Sun.  
Kerens, Texas, April 28.—The annual inspection of Battery E, 132nd F. A. T. N. G. Kerens, which was begun Monday night was completed by Captain Alpha Brumage of the Regular Army, U. S. A. Tuesday evening at which time open house was held in order that the Kerens business men and their wives would be enabled to see and know something more about the work being carried on by this unit.

At this time, Capt. Brumage addressed the officers and privates of Battery E, as to what the National Guard stood for and what it meant in military life. He then stated that he was highly pleased with the pride of the officers and men in looking after the equipment and the interest they were taking, not only in themselves but the local organization. He avowed that the results of his inspection of this unit was very satisfactory which is the highest rating possible for an encampment. Captain Brumage's words fell not only to the ears of those members of Battery E, but to those who turned out to witness this inspection.

Battery E, 132nd F. A. T. N. G. Kerens, is composed of 56 men, not mentioning the official staff. Capt. Hal C. Johnson, his staff and other members of Battery E are to be highly commended for the manner in which the Armory headquarters is kept. It is known as one of the best in the State of Texas.

**KERENS RED CROSS MAKES DONATIONS STORM SUFFERERS**

Special to the Sun.  
Kerens, Texas, April 28.—With-out calling on local citizens, the Kerens Red Cross has made donations of \$25 to the tornado sufferers at Rock Springs, and \$50 to the Mississippi flood sufferers. The appeal came to the Red Cross here for help, and from the fund which was left on hand after the demands of the World War was over, they made the above donations without making an appeal to the citizens for more help.

The business men of this city were instrumental in the raising of the Red Cross fund during the war, and the ladies of that organization are making the use of this money known to the Kerens people through their local paper.

In articles being published locally this week they are making an appeal for clothing to send to the people of the flood areas in order to help alleviate the suffering of the unfortunates who have lost their all in the unprecedented floods in our neighboring states.

Receptacles are being placed at two of the business houses where garments may be placed. The clothing will be boxed and shipped on Saturday of this week.

**Box Supper**

There will be a Box Supper at Nash School House Friday night, April 29th for the benefit of the church. Everybody is invited.

## Fish And Milk Go Well Together

By Associated Press.  
Contrary to a popular impression, fish and milk are not harmful if consumed at one sitting, federal food specialists say.

Calling attention that these two articles are frequently cooked together and eaten in the form of chowders and milk gravies, they contend that the two when served separately at the same meal likewise are not injurious.

The hull-less oat is primarily a plant novelty, and farmers are advised not to grow it.

Orange and grapefruit trees which have been properly grown from selected buds need very little pruning.

Ordinary cows in milk require about one ounce of salt a day, while heavy producers need more. Many dairymen mix it with the grain, adding from one to two pounds to each 100 pounds of concentrates. In addition, salt is kept accessible to the cows so they can take more if they desire.

A bantam hen will consume from 25 to 35 pounds of feed in a year, about half as much as a hen of the Mediterranean breeds, or about one-third as much as a hen of the large breeds.

Pure bred sheep commanded higher prices last year than the year before. There were 14,376 sheep of the ten leading breeds reported sold, Rambouillet predominating with 8,978. Those selling below \$15 comprised 11.4 per cent, from \$15 to \$100, 86.7 per cent, and those at \$100 and above, 1.9 per cent.

Weeds in and around the garden harbor both insects and disease, particularly if the weeds are related to the cultivated plants. Just as soon as any crop is gathered spade up the ground, bury the old remains deeply and plant something else.

Steam or boiling water is needed for proper sterilization of milk utensils.

Rayon underwear should not be hung up to dry with clotheespins.

The 1926-27 wool clip in New South Wales is estimated at nearly 500,000,000 pounds, or nearly 25 per cent greater than any previous year. The number of sheep from which the wool was obtained was 51,880,000, making an average clip of 8.8 pounds per head.

**Assignment.**  
W. R. Deskin to L. T. Davis, 1-16th interest in 15 acres L. Habermacker survey, \$1 and other considerations.

**"Corsicana Has It."**

contracting business until his health gave way. In the winter, he fell and broke his foot, and when apparently on the road to recovery, his heart began troubling him. During his prolonged illness, he was a cheerful man, never complaining.

Fifteen years ago, he was married to Miss Madge Walker of Corsicana. His wife and two children, Miss Mary Helen Allen, and Claud Eugene Allen, survive. Other relatives are his father, D. C. Allen, Miami, Fla.; two brothers, Eugene Allen, Corsicana, Major Allen, Miami, Fla.; eight sisters, Mrs. Frederick Martin, Nazareth, Pa.; Mrs. Walker Maddox, Joliet, Tenn.; Mrs. H. A. Dodd, St. Petersburg, Fla.; Miss Elizabeth Allen, New Orleans, La.; Mrs. J. H. Smith, Billingsham, Wash.; Mrs. B. A. Baker, Miami, Fla.; Mrs. V. A. Hilton, Miami, Fla.; Mrs. C. E. Allen, Decatur, Ga.

Miss Elizabeth Allen will arrive here early Thursday.

Active pallbearers will be C. C. Albritton, J. M. Holloway, W. M. Thomas, LeRoy McAfee, J. W. Lichty, A. E. Tasham, A. E. Foster, H. E. Marr, L. E. Flynn, all of Corsicana, and A. Hastings Harrison, Beaumont.

Honorary pallbearers will be the board of stewards and the Wether Bible Class of the First Methodist church and all friends.

**Funeral Services FOR CLAUD ALLEN TO BE HELD THURSDAY**

Funeral services for Claud Allen, aged 37 years, who died at his residence, 216 East First Avenue Tuesday afternoon at 3:40 o'clock, will be held at the First Methodist church Thursday afternoon at 4 o'clock with interment in Oakwood cemetery. The services will be conducted by Rev. F. P. Culver, pastor of the First Methodist church; Rev. Joe Patterson, assistant pastor of the First Methodist church; and Rev. Paul Utley, pastor of the Max Avenue Methodist church, Corsicana.

Mr. Allen was born at Cornning, Iowa, but came to Texas seventeen years ago and has resided in Corsicana since that time, where he was well known as a contractor and churchman. He professed religion at the Adair revival meeting held here approximately fifteen years ago. He was a member of the First Methodist church for a number of years and for the last several years has been a member of the board of stewards. He was especially active in the personal work department of the church affairs and was one of those laymen who gave unstintingly of his means and time in the furtherance of the work, not only in his own church, but of other congregations.

Mr. Allen was a member of the Corsicana Lodge No. 65, I. O. O. F., for years.

He was associated actively with his brother, Eugene Allen, in the

## DR. J. H. HARDY OF BAYLOR COLLEGE TO ADDRESS GRADUATES

Special to the Sun.  
Kerens, April 28.—At a banquet given by the Womens Missionary Union of the Baptist church here Tuesday night, the Seniors of the Kerens High school composed of thirty-five prospective graduates, assembled to hear Dr. J. H. Hardy, president of Baylor College at Austin, in a lecture which carried much weight.

The banquet was held in the large basement room of the Baptist church with Rev. R. E. Bass, pastor in charge of the program. Dr. Hardy, the principal speaker for the occasion, was introduced by Rev. Bass.

There were sixty-five present which included the faculty of the Kerens schools, the three Kerens pastors and P. A. Noble, editor of the Kerens Tribune.

The Kerens schools orchestra, under the leadership of Miss Ruth Smith, furnished appropriate music for the occasion.

**Checked Gingham Will Brighten Rooms**

By Associated Press.  
Gingham with checks about an inch square are new this year, according to the Bureau of Home Economics.

Although they are not recommended for flappers, the Bureau says they make excellent summer curtains in combination with covers for the backs and sides of upholstered chairs.

**Choice Or Prime Beef Will Be So Stamped By U.S.**

By Associated Press.  
A housewife, after May 1, will not have to depend entirely on the butcher's "Here's a nice piece of beef, lady."

If she desires either choice or prime beef she may, instead, look for a government stamp of approval as to grade and quality.

To demonstrate the practicality of the existing Federal beef grade standards, government supervisors will begin about May 1 the grading and stamping of these two grades of beef at Chicago, New York, Philadelphia, Boston, Kansas City, St. Joseph, Mo., Omaha and Sioux City.

The stamping, to be limited to choice and prime beef for the present, will be in the nature of an experiment and no fee will be charged for the work. If the test works successfully, Secretary Jardine has announced the service may be extended gradually to other grades of beef. Standards for lamb, mutton and veal also are being worked out.

Should the grading and stamping service be extended to all grades and established permanently as a part of the wholesale and retail meat business, Mr. Jardine believes meat consumption, which has fallen off in recent years, will be stimulated. His decision to experiment with the two beef grades was reached after details of the plan had been gone over with the packers, the Better Beef Association and the National Livestock and Meat Board.

**Warranty Deeds.**

**SEE PLENTY OF BERRIES**

**ESTIMATED PRODUCTION OF STRAWBERRIES, 3 YEARS**

By Associated Press.  
Strawberries should be plentiful this year, government crop experts say.

Average increases have been reported from practically all states raising this fruit for the market. These increases range from one-quarter to one-fifth more than last year's acreages.

Four times as many strawberries have been shipped through March compared with that time last season.

The commercial strawberry producing regions are divided into four sections, according to the time of the ripening of the berries. Earliest berries come from five states along the Gulf, and estimates for this year's crop show Louisiana may have 30,000,000 quarts; Alabama, 8,000,000; Florida, 6,500,000; and Texas and Mississippi together expect more than 3,000,000.

The second early producing section comprises six states, the intermediate region ten states and the late section seven. All the important early and mid-season states, crop officials say, are expecting a heavy crop of strawberries.

The second early producing section comprises six states, the intermediate region ten states and the late section seven. All the important early and mid-season states, crop officials say, are expecting a heavy crop of strawberries.

The commercial strawberry producing regions are divided into four sections, according to the time of the ripening of the berries. Earliest berries come from five states along the Gulf, and estimates for this year's crop show Louisiana may have 30,000,000 quarts; Alabama, 8,000,000; Florida, 6,500,000; and Texas and Mississippi together expect more than 3,000,000.

## Hints for FARM and HOME by THE DEPARTMENT of AGRICULTURE

By Associated Press.  
Raw onions are valuable for their minerals, vitamins and bulk, but have no particular effect on the nerves.

The hull-less oat is primarily a plant novelty, and farmers are advised not to grow it.

Orange and grapefruit trees which have been properly grown from selected buds need very little pruning.

Ordinary cows in milk require about one ounce of salt a day, while heavy producers need more. Many dairymen mix it with the grain, adding from one to two pounds to each 100 pounds of concentrates. In addition, salt is kept accessible to the cows so they can take more if they desire.

A bantam hen will consume from 25 to 35 pounds of feed in a year, about half as much as a hen of the Mediterranean breeds, or about one-third as much as a hen of the large breeds.

Pure bred sheep commanded higher prices last year than the year before. There were 14,376 sheep of the ten leading breeds reported sold, Rambouillet predominating with 8,978. Those selling below \$15 comprised 11.4 per cent, from \$15 to \$100, 86.7 per cent, and those at \$100 and above, 1.9 per cent.

Weeds in and around the garden harbor both insects and disease, particularly if the weeds are related to the cultivated plants. Just as soon as any crop is gathered spade up the ground, bury the old remains deeply and plant something else.

Steam or boiling water is needed for proper sterilization of milk utensils.

Rayon underwear should not be hung up to dry with clotheespins.

## NAVARRO COUNTY FARMERS TO GET FINAL PAYMENTS

TEXAS FARM BUREAU MEMBERS IN THIS COUNTY TO GET ADDITIONAL CASH

Members of the Texas Farm Bureau Cotton Association in Navarro county the latter part of this week will receive checks totalling approximately \$2,920.00, according to Tom J. Bass who announced that these checks represent a final distribution on the past year cotton from the county marketed orderly and co-operatively through the Association. In addition to the initial advance made at the time the cotton was shipped, distributions have also been made in December and February.

According to Mr. Bass these checks will be mailed from the Dallas office of the Association Wednesday or Thursday of this week, April 27 or 28 and should be distributed to the members in the county through the mail by Saturday, April 30th. This amount coming to the county at this time is part of the distribution of \$3,375,633.08 which is being made throughout the State to association members. It brings the season's advances to the members to \$11,597,233.61.

Deliveries during the coming season will open the seventh year of operation of the association, and representatives feel that a substantial increase will be noted in the cotton delivered to co-operative marketing channels from this county.

The year just ending, it is said, has been a most successful year from the standpoint of the grower member who participated in the benefits of orderly co-operative marketing.

## Notice

OF HEARING ON PETITION FOR THE ISSUANCE OF ROAD BONDS BY CONSOLIDATED ROAD DISTRICT NUMBER ONE, OF NAVARRO COUNTY, TEXAS.

THE STATE OF TEXAS, COUNTY OF NAVARRO, TO THE RESIDENT PROPERTY TAXPAYING VOTERS OF CONSOLIDATED ROAD DISTRICT NUMBER ONE, OF NAVARRO COUNTY, TEXAS, AND TO ALL OTHER PERSONS CONCERNED:

TAKE NOTICE that a petition signed by H. R. Smalley and 166 other persons, as resident property taxpayers voters of CONSOLIDATED ROAD DISTRICT NUMBER ONE, OF NAVARRO COUNTY, TEXAS, has heretofore been submitted to the Commissioners' Court of said county, wherein such petitioners pray the Court for an order for an election to determine the following proposition:

"WHETHER OR NOT the bonds of the CONSOLIDATED ROAD DISTRICT NUMBER ONE, OF NAVARRO COUNTY, TEXAS, shall be issued in the total principal sum of TWO MILLION SIX HUNDRED AND NINETY THOUSAND DOLLARS (\$2,690,000.00), for the purpose of the purchase of the district roads within Road District Number One, of said county, heretofore created on February 20, 1913, and Road District Number 11, of said county, heretofore created on August 13, 1917, and the further construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof, throughout the said Consolidated Road District Number One, of said county, as created and defined on the 11th day of April, 1927; that is to say—

(a) BONDS to be issued in the total principal sum of FOUR HUNDRED AND TWENTY THOUSAND DOLLARS (\$420,000.00), for the purpose of the purchase of the district roads in the said Consolidated Road District Number One, and 11, and which bonds shall bear the same rate of interest, and have the same dates of maturity, and with similar options of payment, as the bonds heretofore issued and now outstanding against the said Consolidated Road Districts Numbers 1 and 11; of this county;

(b) BONDS to be issued in the total principal sum of TWO MILLION TWO HUNDRED AND SEVENTY EIGHT THOUSAND DOLLARS (\$2,278,000.00), for the further construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof, throughout the said Consolidated Road DISTRICT NUMBER ONE, OF NAVARRO COUNTY, TEXAS, created on the 11th day of April, 1927, and which bonds shall bear interest not exceeding FIVE PER CENT (5 per cent) per annum, and are to be issued in such denominations and payable at such times as may be deemed most expedient by the Commissioners' Court; and whether or not ad valorem taxes shall be levied on all taxable property within the said CONSOLIDATED ROAD DISTRICT NUMBER ONE, OF NAVARRO COUNTY, TEXAS, for the purpose of paying the interest on the said bonds, for the said sum of TWO MILLION SIX HUNDRED AND NINETY THOUSAND DOLLARS (\$2,690,000.00), and to provide a sinking fund for the redemption, or payment thereof at maturity."

AND, FURTHER TAKE NOTICE, that the aforesaid petition stipulates that if the said bonds for the further construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof, throughout said CONSOLIDATED ROAD DISTRICT NUMBER ONE, OF NAVARRO COUNTY, TEXAS, for the purpose of paying the interest on the said bonds, for the said sum of TWO MILLION TWO HUNDRED AND SEVENTY EIGHT THOUSAND DOLLARS (\$2,278,000.00) are voted and issued, that the money received from the sale thereof be applied to the construction of roads, as follows:

The roads to be constructed out of the proceeds of the sale of said bonds, for the said sum of TWO MILLION TWO HUNDRED AND SEVENTY EIGHT THOUSAND DOLLARS (\$2,278,000.00), and the amount apportioned to each Cardinal and Lateral Road is specified in this petition as follows:

**CARDINAL ROAD NUMBER ONE, KNOWN AS THE CORSICANA-EMHOUSE ROAD:**

Beginning at the Ellis County Line North of Emhouse, and running thence by Emhouse to Post Oak Creek, Corsicana, and then southerly direction for a distance of four (4) miles. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than nine (9) feet wide. That the sum of TWO HUNDRED AND NINE THOUSAND SIX HUNDRED DOLLARS (\$209,600.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**CARDINAL ROAD NUMBER TWO, KNOWN AS THE CORSICANA-POWELL ROAD:**

Beginning at the East boundary line of Consolidated Road District Number One, of Navarro County, Texas, and running thence by Powell to the intersection of Seventh Street and Seventh Avenue, in Corsicana. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than nine (9) feet wide. That the sum of TWO HUNDRED AND NINETEEN THOUSAND ONE HUNDRED DOLLARS (\$219,100.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**CARDINAL ROAD NUMBER THREE, KNOWN AS THE CORSICANA-RICHLAND ROAD:**

Beginning at the Freestone

County line, North of the town of Wortham, and running thence by Currie, Richland and Angus to the intersection of Thirteenth Avenue and Fifteenth Street, in the City of Corsicana. Said road to be built according to the State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than eighteen (18) feet wide. That the sum of THREE HUNDRED AND FORTY-FOUR THOUSAND DOLLARS (\$344,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**CARDINAL ROAD NUMBER FOUR, KNOWN AS THE CORSICANA-WARD BRIDGE ROAD:**

Beginning at Richland Creek, at what is known as the Ward Bridge Crossing; thence by Pickett to a point on the Corsicana-Richland Road South of Corsicana, and which point is to be hereafter designated by the Commissioners' Court and the State Highway Commission. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than eighteen (18) feet wide. That the sum of ONE HUNDRED AND FIFTY THOUSAND DOLLARS (\$150,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**CARDINAL ROAD NUMBER FIVE, KNOWN AS THE CORSICANA-PINKSTON ROAD:**

Beginning at a point in the West line of Consolidated Road District Number One, of Navarro County, Texas; thence by Pinkston and the old Kit Hamilton homestead, to a point on Second Avenue, or its extension to the State Orphans' Home, and which point is to be determined by the Commissioners' Court and the State Highway Commission. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than eighteen (18) feet wide. That the sum of ONE HUNDRED THOUSAND DOLLARS (\$100,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**CARDINAL ROAD NUMBER SIX, KNOWN AS THE CORSICANA-DRANE ROAD:**

Beginning at Richland; thence in a Southeasterly direction to the Navarro County Line, at point where the present road intersects the South line of Navarro County, near Street Line. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than eighteen (18) feet wide. That the sum of ONE HUNDRED THOUSAND DOLLARS (\$100,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**CARDINAL ROAD NUMBER SEVEN, KNOWN AS THE CORSICANA-EUREKA ROAD (SECTION A):**

Beginning at the Cotton Belt Railroad just South of the intersection of Seventh Street and Second Avenue, in the City of Corsicana; thence by Three-Way Filling Station; thence in a Southeasterly direction toward Eureka, a distance of approximately nine (9) miles from the point of beginning. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than eighteen (18) feet wide. That the sum of TWO HUNDRED AND THIRTY EIGHT THOUSAND DOLLARS (\$238,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**CARDINAL ROAD NUMBER SEVEN, KNOWN AS THE CORSICANA-EUREKA ROAD (SECTION B):**

Beginning at the Southeast end of Section A, of Cardinal Road Number Seven, and which Section A is hereinabove described, and running thence by Eureka, in a Southeasterly direction for a distance of four (4) miles. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than nine (9) feet wide. That the sum of SIXTY THOUSAND DOLLARS (\$60,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**CARDINAL ROAD NUMBER SEVEN, KNOWN AS THE CORSICANA-EUREKA ROAD (SECTION C):**

Beginning at the Southeast end of Section B of said Cardinal Road Number Seven, and which Section B is hereinabove described, and continuing in a Southeasterly direction to a point at or near Oliver Bridge Crossing, on Chambers Creek, said point to be hereafter determined by the Commissioners' Court and the State Highway Commission. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than nine (9) feet wide. That the sum of NINETY THOUSAND DOLLARS (\$90,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

The said petition further stipulates that in the event said bond election carries, then for the construction of all other roads throughout the said CONSOLIDATED ROAD DISTRICT NUMBER ONE, there shall be apportioned out of the funds received from the sale of the above mentioned bonds, the following amounts, to-wit:

**LATERAL ROAD NUMBER ONE (SECTION A):**

Beginning at the Three-Way Filling

Station, on Cardinal Road Number Seven, and running thence in a Southerly direction toward Navarro, a distance of two (2) miles. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than eighteen (18) feet wide. That the sum of FIFTY THOUSAND DOLLARS (\$50,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**LATERAL ROAD NUMBER ONE (SECTION B):**

Beginning at a point at the South end of Section A, of Lateral Road Number One, and which Section A, of said road, is hereinabove described, and continuing in a Southerly direction to Navarro. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than nine (9) feet wide. That the sum of THIRTY THOUSAND DOLLARS (\$30,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**LATERAL ROAD NUMBER TWO, KNOWN AS THE CORSICANA-CORRETT ROAD:**

Beginning at the intersection of the Boulevard and Thirty-First Street, in the City of Corsicana; running thence in a Southerly direction through Corbett to a point in the boundary line of CONSOLIDATED ROAD DISTRICT NUMBER ONE, of Navarro County, Texas, between Purdon and Corbett, said point to be hereafter determined by the Commissioners' Court. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than nine (9) feet wide. That the sum of ONE HUNDRED AND TWENTY THOUSAND DOLLARS (\$122,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**LATERAL ROAD NUMBER THREE, KNOWN AS THE CORSICANA-DRANE ROAD:**

Beginning at a point in the Corsicana-Drane Road, at the State Orphans' Home; running thence in a Southeasterly direction following the boundary line of Consolidated Road District Number One, of Navarro County, Texas. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than nine (9) feet wide. That the sum of SIXTY FIVE THOUSAND DOLLARS (\$65,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**LATERAL ROAD NUMBER FOUR, KNOWN AS CORSICANA-BAUNDERS ROAD:**

Beginning at a point on the North boundary line of Consolidated Road District Number One, of Navarro County, Texas, at Saunders Stop and on East side of H. & T. C. Railway; running thence in a Southerly direction along H. & T. C. Railway to a point North of Exall; thence across H. & T. C. Exall, continuing into Corsicana on the East side of the Texas Electric Railway connecting with North Beaton Street at Post Oak Creek; or as alternate entrance route, beginning at a point East of H. & T. C. Railway and North of Exall, running thence Westward, crossing H. & T. C. Railway and Texas Electric Railway to intersection with Corsicana-Emhouse Road at Filling Station at Northwest corner of L. T. Davis' home place, which point of destination is to be hereafter determined by the Commissioners' Court. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than nine (9) feet wide. That the sum of NINE HUNDRED AND NINETY THOUSAND THREE HUNDRED DOLLARS (\$199,300.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**LATERAL ROAD NUMBER FIVE (SECTION A):**

Beginning at Seventh Street, in the City of Corsicana, and running thence in a Northeasterly direction following in general the course of the present Corsicana-Roane Road to Hogan Bridge Crossing, on Chambers Creek, said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than sixteen (16) feet wide. That the sum of ONE HUNDRED AND ELEVEN THOUSAND DOLLARS (\$111,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

**LATERAL ROAD NUMBER FIVE (SECTION B):**

Beginning at the North end of Section A, of said Lateral Road Number Five, and which Section A is hereinabove described, and running thence in a Northeasterly direction by Roane to the district line of Consolidated Road District Number One. Said road to be built according to State Standard Specifications, for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than nine (9) feet wide. That the sum of FIFTY SEVEN THOUSAND DOLLARS (\$57,000.00), out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said road.

The said petitioners represent that the proposed improvements will be for the benefit of all taxable property situated in the said Consolidated Road District Number One, of Navarro County, Texas, and for the type hereinafter designated, to be constructed of REINFORCED CONCRETE, not less than eight (8) feet wide.

The said petitioners further stipulates that said petition has been set down for hearing before the Commissioners' Court of Navarro County, Texas, on the 2nd day of

MAY, 1927, at 10:00 o'clock, a. m.

the place of such hearing being in the Commissioners' Court Room, in the Courthouse of said County, at Corsicana, Texas.

AND, FURTHER TAKE NOTICE, that the said CONSOLIDATED ROAD DISTRICT NUMBER ONE, OF NAVARRO COUNTY, TEXAS, was heretofore, to-wit: on the 11th day of April, 1927, created and established by order of the Commissioners' Court of said County, and which said order is of record in Book 14, page 491 et seq. of the Minutes of said Court, and such Consolidated Road District includes within its limits all the territory of Road Districts Numbers 1 and 11, of said County, and additional territory; and the boundaries of said CONSOLIDATED ROAD DISTRICT NUMBER ONE, as described and defined in the aforesaid order of the Court creating the district, are as follows, to-wit:

**BEGINNING** in the northerly line of Navarro County, at intersection of said line with Waxahatchie Creek;

**THENCE** down Waxahatchie Creek, with the meanders thereof, through the Geo. B. McKinney survey and into the Jacob Hodrick survey, to the Southwest corner of said McKinney and Williams surveys;

**THENCE** down Chambers Creek, with the meanders thereof, through the Geo. B. McKinney survey and into the Jacob Hodrick survey, to the Southwest corner of said McKinney and Williams surveys;

**THENCE** North 60 East, with the north line of the Levi Pitts survey, Hollingsworth and E. S. Campbell surveys, to the northeast corner of said Campbell survey;

**THENCE** South 30 East, with east line of said Campbell survey to the southeast corner thereof, in the north line of the Eli Smith survey;

**THENCE** North 60 East, with the north line of the Eli Smith, Benjamin Hart, Isaac Killian and Ralph Tandy surveys, to the northeast corner of said Tandy survey;

# Pimples, Boils, Skin Eruptions

Skilled physicians recognize the appearance of pimples, boils and other skin eruptions as being an indication of an abnormal condition of the system. This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful annoyances by taking a course of S.S.S. You owe it to yourself to try S.S.S. It helps Nature build up red corpuscles. It improves the processes by which the blood is nourished. It is time-tried and reliable.

I tried different kinds of remedies, but nothing did me any good until a friend advised me to take S.S.S., which I did. This was some time ago. Now I feel well, and I am getting along fine. S.S.S. stopped the itching and it cured me of boils. I advise all weak and run-down people to give S.S.S. a trial. It clears up the skin and makes you strong and fills you with energy. Mrs. J. W. Barker, 1337 Walnut Street, Cincinnati, Ohio.

S.S.S. is made from the fresh roots of medicinal herbs and plants and is prepared in a scientific way in a modern laboratory.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

## Wills Point Shows Scholastic Increase

Special to the Sun.

Wills Point, April 26.—Census Trustee George Faulkner, has completed the scholastic rolls for the Wills Point Independent school district and reports a total of 586. This is a gain of 53 or 10 per cent over last year's enrollment.

There were 434 white children and 152 colored enrolled. One hundred and eighty-five white families were found in the district in which there were no children of scholastic age.

## LIFELONG FRIEND OF HENRY JUDD GRAY WITNESS IN TRIAL

By Associated Press.

New York, April 28.—The state rested its case in the Snyder murder trial at 12:25 p. m. today.

Court was then adjourned until four o'clock this afternoon when the defense will begin presentation of their case.

The adjournment was taken to allow defense lawyers to prepare motions.

Edgar F. Hazelton of defense counsel announced that Mrs. Snyder will take the stand in her own defense tomorrow morning.

By Associated Press.

New York, April 28.—Haddon Gray, Syracuse real estate man, took the witness stand in the Snyder murder trial today to tell of the alibi he established for his friend, Henry Judd Gray, on the day Albert Snyder was killed.

District Attorney Newcombe questioned Haddon Gray.

"Did you see the defendant Gray on March 19?"

"Yes."

"What did you talk about?"

"Mostly business."

"Anything about his leaving Syracuse?"

"He said he was going to Albany that night and wanted to know if I would help him out."

"Help him out how?"

"He said he was going to keep a dinner engagement in Albany with 'Mumsie' and might be out all night. He asked me to stay in his room, answer telephone calls from his wife or office and generally give the impression that he was in his room."

"Did he ever show you a picture of 'Mumsie'?"

"Yes."

"Do you know who she is?"

"I do now."

"Who?"

"Mrs. Snyder."

Haddon Gray said he agreed to establish an alibi for his friend, thinking that he was helping in a mild flirtation.

"Just what did you do?"

"I went to the defendant Gray's room, mailed some letters he had left there, phoned the desk not to disturb me, and hung the 'Don't disturb sign' on the door knob of the room door. Later I rumpled the bed and made it look as though it had been slept in. That was the next day, March 20."

The witness said defendant "telephoned me late that afternoon and invited me to supper."

"Did you go?"

"Yes, with Charles Platt in his car. That was about six o'clock. We went to Gray's room."

"What was the conversation?"

"He said that when he got to Albany he found a telegram from 'Mumsie' telling him to go to her home in New York. He said he went there and when her husband returned unexpectedly he got in a closet. He told us that when he came out of the closet he found that the husband had been killed."

"Did he show you anything?"

"He showed me some blood stained clothing and again showed me the picture of his 'Mumsie,' the picture of that woman there."

"Did he have any explanation for the way the husband got killed?"

"Yes, he told us about a dark man apparently a burglar ransacking the house."

"What was done with the articles he showed you?"

"He said 'I must get rid of these, will you help me?' I suggested we take the stuff to Platt's office which we did, in a black suit case that we put on a shelf."

"What then?"

"I took the defendant Gray home with me. While my wife was getting supper, he played marbles on the floor with my children."

"Did you see Gray in jail here?"

"Yes."

"Conversation?"

"I said Bud, did you do it? and he said that, I did, I said, Why did you? and he said I don't know."

As Haddon Gray gave this evidence against the man whose intimate friend he had been since their early school days, Judd Gray still sat motionless with his eyes on the floor.

Mrs. Snyder listened to the testimony eagerly and a fleeting smile crossed her face as Haddon Gray spoke of seeing her picture.

## LOCAL "HONEY MAN" DONATES 600 LBS. SWEETS

L. R. Nolen, proprietor of the Nolen Apiaries, located on North Beaton street, just across the Trinity and Brazos Valley railroad tracks, notified the Rev. H. J. Ellis, local chairman of the American Red Cross, that he would donate six hundred pounds of honey to the Mississippi Valley flood sufferers if it could be used. The offer was sent to Red Cross headquarters, which are now in Memphis, and a reply was received that the honey would be appreciated.

Therefore the flood sufferers will be enriched by 600 pounds of the very best Navarro county honey and there is little doubt that it will be highly appreciated by the flood sufferers, as the donation is greatly appreciated by the local chairman of the Red Cross, the Rev. Mr. Ellis.

## MEX PRESIDENT DISCUSSES SPEECH PRESIDENT COOLIDGE

By Associated Press.

Mexico City, April 27.—President Calles believes that road has now been opened for a satisfactory settlement of all difficulties between Mexico and the United States.

He emphasized this in commenting on President Coolidge's New York speech, saying that at the bottom of all the difficulties "there is nothing more than a misunderstanding of divergence of judgment in appreciating a matter of legal order, which really had not affected the legitimate interests, nor, fortunately, injured the sentiment of the nation, nor brought any injury to our decorum."

The Mexican chief executive has no desire that the Mexican-American controversy shall be settled by arbitration, saying: "It appears to us perfectly satisfactory that such settlement should be obtained by means of negotiations."

Desire for Cordial Relation.

"I think, as President Coolidge does," he said, "that there is a great desire to maintain cordial relations. It is not only possible, but easy to reach an amicable settlement, and using Mr. Coolidge's own words, as carried by the newspapers, I believe that the two countries should comport themselves in such a way that the friendly relations are not impaired."

Asked his opinion relative to President Coolidge's mention of the origin of the difficulties with Mexico, President Calles declared: "I believe he spoke of claims which over a long series of fifty years were referred to as damages, either as regards American lives or property, which, due principally to revolutionary acts, have been, and will be, judged by general and special claims commissions which are functioning."

Origin of Difficulties Traced.

"According to the newspapers version of President Coolidge's speech, he traces the origin of the intensification of difficulties to promulgation by the Mexican government of laws which Washington considered as confiscation. Fortunately, due to correct understanding and exact comprehension of our purposes and the scope of those laws, President Coolidge in his speech showed a thorough understanding that Mexico never proposed, and never will propose, to confiscate foreign property. As I clearly explained it at every opportunity, the policy and its expression by the laws had neither the spirit nor intention of confiscation."

"There may have been, there may continue to be, divergencies of interpretations of a technical nature in studying those laws, not so much as regards practical results which the laws may produce, but as the ideologic conception which has given them life. But application of those laws translated into facts have not resulted, nor do we intend that it shall result, in material injury to the principles involved."

Threat of Confiscation Trouble.

"We think exactly as Mr. Coolidge does, that stripped of all technicalities and of legal discussion, the principal difficulties which our government has with that of the United States is the supposed threat of confiscation, and on this principal difference I think I have been absolutely clear."

"Regarding the expropriation of agricultural lands, which has been made by our government, Mexico has never denied compensation naturally with the government's power, having regard to the economic situation. It is very satisfactory for me to note that Mr. Coolidge remembers that the American government agreed to accept bonds issued by the Mexican government in payment for damages admitted by the respective commissions in cases in which lands were taken for division."

Asked his opinion on the arbitration question, President Calles declared that Mexico at the present time had two commissions to arbitrate with the United States, and in general principles Mexico always had been and would be, a partisan to such remedy.

## ANOTHER DECISION ON SEARCHING CAR WITHOUT WARRANT

By Associated Press.

Austin, Texas, April 27.—Search of an automobile by officers without a warrant is not violative of statutory constitutional law if "a reasonable ground of suspicion exists," the Court of Criminal Appeals held today.

The court made the ruling in affirming sentence of Beneficio Tenda in Hays county on conviction of liquor law violation. Tenda's defense was that officers who searched his car had no search warrant.

## HOLLYWOOD HAS ANOTHER MURDER SCANDAL BREWING

By The Associated Press.

Hollywood, Calif., April 27.—Three persons were held and two others sought by police for questioning in connection with the shooting to death of Tom Kerrick, 32, said to be a film extra, at his home here early today.

The five also are said to play extra roles in the films.

Those held were, Mrs. Clark Kerrick, wife of the dead man; Mrs. Anita Isabell, and Joe Hunt.

A search was being made for Mrs. Isabell's husband, Henry Isabell, and a woman known as Iris Burns.

According to the stories told the police, they were seated at a table at breakfast when two shots were fired. Kerrick, who was standing in the middle of the room, staggered through the kitchen door into an adjoining room, where he fell dead with two bullet wounds in his body.

The three in custody, police say, admitted they were "very drunk."
